Always Try ...,

Once there was a girl born. Her mother named her Sky. By the time Sky was three her parents got divorced. So Sky's father and mother had a violent, bitter, harsh and cruel divorce. So one day Sky's father injured Sky's mom. Poor little Sky she was just a little scared soul. That couldn't do anything except watch and drown into tears.

The ambulance took Sky's mom to the hospital but left behind was Sky. She had no place to stay because her father wouldn't take care of her. So her mom's best friend Cane took her for a week. By, the time it was the end of a week her mom was all well and took her Sky to her house that was Mr Sky's father's house to.

Sky's mother drove over to the house and tried to unlock the locks but they didn't open. She heard noises from inside of celebration but she didn't ring the bell.

With a very strong heart Sky's mother put Sky back in the car with herself. Turned on the engine and said "what's

gone is gone and its gone for good". And drove somewhere.

So now on a journey with no one to give them a home, food or a job they were without a penny. Somehow with loans and other borrowed money they managed a house and a school for Sky to study in.

Sky one of the brightest students in her school and that's what her mother always wanted. Sky had a an extraordinary mind with all she had been through and seeing her mom's pain and struggle she was very strong from the inner side.

Sky just came home from school and as soon as she enters her little home. She sees her mom shuffling bills and getting more and more depressed. All these 11years .. Sky's mom hasn't found a job yet. Ifs not because her mom doesn't have a degree it's because she can't find a profession that pays good in America for journalism.

Years pass by Sky learning more and more of struggle and pressure but there is one thing that gets her away from the pain is reading and studying. It's a world of peace and satisfaction for Sky.

Finally she is offered in one of the best universities in the whole world. Sky gets her degree and opens her own business and made millions of dollars each month. Her mom was proud with joy. Now Sky's mother looks at the day where she was alone on the streets looking for a home without a penny and now living in a mansion and having the best life of all is a big difference. Also Sky returned all the borrowed money.

Now Sky's dad calls and tells that he used to call every day but the mother would refuse to let me talk to you. Sky always knew that was a lie and she knew that her mother always raised her with truth, pride and respect.

Sky gives her mom the reward of raising her. Sky gives her mom the life of her dreams. Her mother and Sky always kept in mind "that sometimes to get the best you need to go through the worst."
