I Thought I Loved You Story
By: Addison M.

Monica and Chad have been friends for 8 years now. They finally fell for each other and have been dating for 5 years now
"I love you Chad" "I love you too" said Chad sadly. "What's wrong babe?" "Well my job is taking me to Singapore." "Surprise!" he said nervously. "WHAT!" Jumped Monica "I know, said Chad but it will be ok, I made so I can come home every 5 months." "5 months!" Said Monica "Well I guess it's not that bad." "I know baby it'll be ok!" "We'll make it work" Said Monica.

"Bye Chad" cried Monica "I'll miss you" cried Monica even more!

"I just landed" said Chad excitedly. "Oh, ok, I hope it's all good." Thought Monica. "I should go there and surprise him" said Monica happily. But the only ticket available to Singapore was in 10 weeks! "Ok I'll take it!" said Monica.

"I'm   finally   here"   cried Monica "I wonder where Chad is?" "Oh, there he is!" "Wait who is he with?" "Is that his sister?" I'm praying to

the lord right now!" Screamed Monica. Monica went in there and starting spying on him. "OMG are they kissing!" "OMG I've been replaced!" Monica rushed in "CHAD IT'S OVER!" "Monica! That wasn't what it looked like." "Oh really? What was it then?" "She's just a friend" Chad tried to explain. "Really? It looks like your girlfriend" "I never want to see you again!" Cried Monica as she was storming away.

"I miss chad so much!" cried Monica. After months of loneliness and soul-searching Monica remembered someone who truly did show her love in his own way. Brandon! "That's what I need, I need Brandon!" Brandon was Monica's old friend in middle school who had a big crush on her. It just happened that Monica's friend had just seen something on Facebook about him. She put on a brave face and thought, what do I have to lose? "She sent him a message: Hey Brandon, feel like catchin' up?" Brandon was beside himself with excitement, I thought you would never ask. This was the beginning of a true love story.
