BY; Alexa R.

Mackenzie and Myra were done watching a "Horror Movie". Then they went to sleep 'Zzzzz'. They heard a knock in the door 'Toom, Toom' Myra got up, and opened the door, but nobody was there. They heard another knock in the door, but this time there was a "DOLL"! It had a note and it said, 'I am Annie' then Mackenzie grab it and squeezed it and it said, 'Do you want to play'. Then they saw a shadow they both close the door and went to bed, shivering and so scared.

The next day, they woke up and the doll was 'NOT' in the bedroom. They looked around the house and it was in the kitchen both were so scared. Then Mayra and Mackenzie went to the mall to forget about it. When they came back to the house Myra was going to take a shower guess what? The doll was in the 'Bathtub'.
