

My Best Trip Ever

By: Shayann

One day my dad came home from work and told me that his friend went to Georgia and Tennessee. At dinner we enjoyed some pasta and discussed a lot about the places. Later dad showed us several videos of Georgia and Tennessee. Tennessee has beautiful mountains and Georgia has the largest aquarium in the world. The mountains in Tennessee are called The Smokey Mountains and the aquarium in Georgia is called The Georgia Aquarium.

We decided to go to Georgia and Tennessee with my cousin's family. A few weeks later it was time for vacation, so we packed our stuff. My cousin came to my house and we went to the airport together in my car to the George Bush Airport. It took us about 30 minutes to arrive to the airport parking. We parked the car and went on a yellow bus to the main airport. We went inside and it was crowded with people. We waited in many lines and my cousin's family waited too. The first line was to check in our luggage. The second line we waited in was the line to make sure we are not carrying harmful items. After going inside, we were so hungry so we stopped and ate food. We waited in one more to get our boarding pass. Finally, we were in the plane, where we got our seats, a few minutes later the plane took off. Three and a half hours later we arrived in Georgia.

Here we were in Atlanta Georgia. We rented a car and drove to Tennessee and stayed in the city Gatlinburg. We hiked mountains, saw falls, and rafted rivers. We also went in a tram, ski lifts, and even a mountain coaster. It was fun and a new experience for all of us. We drove back to Georgia and visited the World of Coca-Cola and the Georgia Aquarium. It is true that time flies when you're having fun. We took the flight back to Houston and I was thankful to my parents for the best summer vacation for now.
