

Picture Catastrophe

How It Started . . .

By Emilia C.

Chapter 1: On a Voyage

One day, I was outside, I was drawing, BAM! A lightning bolt struck the ground. Magic sparks disguised as fire sparks from the lightning bolt landed on my drawings. I turned around because I thought my drawings would catch on fire. But to my surprise, I didn't feel any heat. So I turned around and my mouth dropped open. There, right before me, was a unicorn! "You need a name. How about Myth?" She said, "Neigh!" So I bet that was a yes. The wind pushed me onto her back, and she took off! Her white silver wings shined as they flapped in the moonlight. Then she skittered to a stop. I looked ahead. Fire rose out of the clouds. Oh, No. I thought. Don't tell me it's what I think it is. Suddenly, I remembered. It's a DRAGON!

Chapter 2: I know who I am.

He rose out of the clouds, and faced me. He was huge! Suddenly, I remembered I had drawn flying sandals, a shield and a sword! Suddenly, they appeared. I put them on. He charged at me with a breath of fire. I blocked the fire with my shield and thrust my sword into his stomach. "Well that was . . . exciting. Is this like A one time thing? All of a sudden, Myth started to talk. "You're 3 super heroes. And here are their miraculouses." Miraculouses floated right in front of me." You have, peacock girl, the Chinese Myth and the Greek Knight." There was a barrette with a peacock on it, a crown and a necklace with a chinese symbol on it like this: 囍. I put them on and on the way back to my house, Myth explained that I can only use one at a time, and the rest will disappear when I activate one. The super powers are new, but I must keep my real identity hidden. When I went to bed, I wondered what would be new the next day?

The end!
