

THE WORST TO BEST SCHOOL YEAR EVER

By: Joanna B.

Yuck! The school cafeteria smelled as gross as the boy's restroom. Hi my name is Penny but since we are friends you can call me Pen Pen. I am in 1st grade at Washington elementary. As I was saying the cafeteria was always smelling gross. As the day ended I saw my mom roll into the car rider line. When they called my name I was so happy. Hi mom I said, hi she said back. How was your day? I guess it was ok I said. Tuesday came and also did Tuesday folders. As my teacher, Ms. Kitten came around passing out tests I saw my grade compared to the other Penny. I knew my mom was going to get real mad. As I got my graded paper I also began to get mad. I knew this school year might turn out to be the WORST school year ever. 1 year later I was in 2nd grade and guess what I made 10 new friends. I guess I was wrong because it was my 1st year here but I enjoy it here now. Hey guess what, the cafeteria smells good and I do not have to bring a lunch because there food is even better. I even made an A in reading and a B in math. At Washington elementary your 1st year is awful but then things change.

THE END!
