## Chapter 1: The start of it all

"Hey, Jeff, can you get me the pizza please?", Amy said happily. "My name is not Jeff, its Skyler! For goodness sake, I am your older brother!", I said annoyed. Amy replied back quickly, "This is not the 1800's! I am your younger sister. I will call you Jeff if I want! You are not mom or dad!", I thought in my head that I wish she wasn't 13. Since she is 13 I have to deal with all of her sass and 13-year-old nonsense. Mom and dad want me to take care of her while they are at work. However, is it really my problem! Do I really have to put up with her 13 year old drama? Unfortunately, since I am 16, and have a job as a babysitter, I have to babysit her. "Fine.", I said and got up from the couch and got her the dang pizza. "Thanks!", she said gladly but I think she just wanted to be annoying but she is my little sister, and I have to take care of her.

Amy P.O.V.

I really didn't want pizza but I just want to annoy Jeff because he is the 'older one'. Why does he have to be the older one, I mean seriously, I could make a better older sister than he is of a brother. Ok fine, I probably can't but still it's fun to see how he reacts!

## Skyler's (Jeff) P.O.V.

“Amy, I am going to play on my video games with my friends. I will be back to check up on you in a minuet, ok?” Amy said, "Okay, but don't take too long. You know I like to play video games too!" We both have to share a computer because mom and dad are saving up to move to California. Even though mom and dad are rich, I guess they need to save up money for us. It's even harder because mom is pregnant! So we always have to get a special spot on the plane. I stayed on the computer for what seemed like an hour, but then a little character visits me in my room at the time I was getting up to check on Amy, but guess who it is in my room... its Amy. Amy says in a sassy tone , "Hey! It's been an hour! You were supposed to check on me in a minute." She makes a mad and sad face. I said , "Sorry, I just got carried away playing video-", just as I was about to finish my sentence, mom and dad knock on the door. I hear mom's voice say , "Hey, Skyler, can you open the door. Me and your dad have a lot to carry in.", I yell back, "Ok". I opened the door and let them in, they put the grocery down, but then it happened...

## Chapter 2: Ka-Boom!

We heard a loud noise outside. Ka-Boom! I hear the noise again. I turned on our eighty-inch television and put it on Channel 18 News and they said, "World war 3 may be starting. Russia sent Skid Missiles that just blew up two Valero gas stations." Amy asked me " Jeff, what was that noise?" I stare at the television and don't say a word. After a minute I say, "Amy, to be honest, I don't know. All I know is that this may be the start to something too big for us to handle..."

Amy's P.O.V.

Something bad is going on. Jeff never takes that long to answer. He is the smartest human I know. I once asked him what is  $10032.8066 \times 85$ , and he told me the right answer in less time that you could blink an eye. I know something is on his mind, I just know there is. I finally worked up the nerve to ask him, "Jeff, are you ok?" He just kept staring. He starts to whisper a word out of his mouth, "I-I-I honestly don't know..." Something must be wrong with him for sure.

Skyler's(Jeff) P.O.V

What the heck is going on! My sister is worried about what is going on in my head, mom and dad are making mac and cheese, and I am here staring at this television and thinking about what may happen next. I don't want anything bad to happen, but we may still be in big danger.

### Chapter 3: New world for us all?

All I know is that this is like a new world and I can't even comprehend what is going on. I can see how scared Amy is from her facial expression, but I want my little sister to be happy, not worried. It's my job as a big bro. I say as enthusiastically as I can, "Hey Amy, want to play ball with me?" She said, "Fine.", and we went to the back yard. "Kids!!! We have something to tell you!", we here mom yell from the other room.

Amy P.O.V.

"Hey, Jeff, mom is calling us" I said. Jeff said, "Ok, let's go." So we went into the house and went to dad and mom. Mom said, "Kids, me and your father have got something very important to tell you."

Dad P.O.V.

Should I tell them the good news or bad news. I don't want to tell them my secret job. I will just tell them the good news. "Kids, we are moving to Hollywood!"

Amy P.O.V.

"Waa-hoo! I can't wait to live at Hollywood! I can meet all the movie and super stars that live there! I can't wait, can you bro!" I was excited, but I knew my family was hiding something from me and my bro, and I am going to figure out what it is.

Skyler(Jeff) P.O.V.

"No, I can't sis! I have always dream of this! Being able to meet super stars and finally have a computer to myself! Um I mean you heard nothing..."
