

The magic mirror.

Chapter 1

I slumped into a chair and I said "Mom I have a crush on-the ketchup!". Mom laughs. "Hannah, go get the ketchup". I flop out of my chair and walk into the fridge. "Ouch!!!" I hit my head on something on the fridge. It was our calendar! I yell "MOM!! 5 MORE DAYS TIL CHRISTMAS!". I said it so loud that my brother threw a chip across the room! "Jonny, pick that up and throw it away" said Mom. I could tell that my brother was sad because he likes food a lot so he was dragging his feet to get it.

Meanwhile, it was bed time. Jonny said "hey Hannah, you know there's a magic mirror in the basement". I yelled at him and said "I AM NOT GOING IN THAT BASEMENT". Maybe I went too offensive there. "Sorry" I said. "It's ok" said Jonny.

So, let's speed up a little. It was midnight. Jonny woke me up. "Go away" I said. Jonny said, "come with me". So once more I flopped out of bed and went in the basement and then Jonny showed me a mirror with beautiful fairies and wands. He knocked once and it hissed. He knocked twice and a purple light spread around the room. He knocked for the third time and our reflection started to swirl! I was freaking out, but you know, Jonny is standing there like "all cool". Then it started to suck us in and then all that was left was our fingers!

Chapter 2

"Ouch!" I hit my chin on dirt and I looked over at Jonny and his eyes were as big as watermelons. He said "the mirror was magic!" "Where are we?" I said. I heard singing and it was beautiful but the problem was, I didn't know where it came from. Jonny said "are we in a fairytale?". I thought to myself, maybe, but we are in a forest and if we were in a fairytale, it would be Little Red Riding Hood. That's it! "I think we are in little red riding hood!!!" I said. Jonny said "yeah!!" We started to walk through the forest when we walked into a girl with a hood, a cape and a little basket!

Chapter 3

"Hello," said the girl. "Are you lost?"

Jonny and I looked at each other and smiled. "Yes," we both said. She said "I'm Red, who are you?". I said, "I'm Hannah and this is my brother Jonny". So Red took us to her house and said "make yourself at home, I'll make a room for you". We said thank you. We were watching T.V. and she said, "your rooms are ready". So, we went in there and we were speechless! Then, in the morning, we became friends. We met Red's grandma and we left. We knocked on the ground three times. Then we went home and went to bed.

In the morning, Hannah and Jonny's parents never knew they were gone. "Last night was soooooooooo cool" Jonny said. Hannah said "I know! Let's go eat breakfast." "How about cereal?" Jonny says, "Yeah!"

When Jonny was eating cereal, the milk splashed on his face. He thought he was going into another fairytale! Jonny said, "I'm going into another dimension!" Hannah said, "Not until tonight!".

The End!
