### The Best Pair of Boots Ever!

As I'm walking from school to my house, bored, kicking rocks, I walk by a store where some cowgirl boots caught my eyes! I ran in the store as fast as a cheetah. I took a closer look at the boots, they're brown with purple and pink flowers and a shiny silver line on them. They were really cool! I really wanted them! I asked the girl at front desk, "How much are the cool boots?" She said they were \$50.00! I thought in my head "Ashley you don't even have that much money!" I told the girl, "Sorry I don't have that much." "Ok hopefully you come back later" she said. I said "ok bye!" I sadly and slowly walked out the store as slow as a turtle. I finally arrive home. I go to my room, sit on my bed, and think "How can I get those awesome boots?" Suddenly a huge light bulb as bright as the sun popped off my head, it gave me a idea. I thought to myself, "Ashely you have to do some work to get the money." I ran in my mom's room really fast! I asked my mom, "Can I get \$5 every week for doing chores?" She said "sure." I started doing chores as quickly as possible. I did so much chores I was so tired. I got \$5 at the end of the week. It finally reached 6 weeks of doing chores. I had \$30. Four more weeks of working to get those cool boots! Two more weeks passed by. I now had \$40. I worked for two more weeks and now I have \$50.00!!!

I ran to that store as fast as a racecar! I went to the store and I saw the pair of boots. I sprinted to the lady and said please can I get these boots? I tried them on as quick as a wink and they fit perfectly! I thought to myself I'm never taking these boots off my feet for the rest of my life!
