Lilly was 6 years old and she had no friends, she was sad and shy. At school she was alone. She was walking home from school and she found a cute chocolate lab puppy. The puppy was like Lilly. Alone, sad and shy. Lilly wanted to help her. She took the dog inside and feeded her and gave her water. Lilly named her Butterscotch. Lilly and Butterscotch were best friends. Now Lilly is 8. Butterscotch made her feel happy. Lilly was so excited for spring break. One day Lilly was playing with Butterscotch when she went inside to get a drink of water. Butterscotch was scared and afraid so she ran off. Lilly came back outside with fun games to play. But she couldn't find Butterscotch. She knocked on her neighbor's doors and asked if they saw her. But no they didn't. Lilly was starting to feel like her old self again, but more heart broken. She put up lost dog signs around the city. She came back to school after the break and had no friends, then she got a call but she couldn't answer it in class. When she got home she called the person back they said that they found her dog. But a man took the dog into his some, so Lilly went to his house and found Butterscotch. She told the man why she was there but he said that it was his dog and he lost her 2

years ago. Lilly remembered that she found Butterscotch 2 years ago. This was Butterscotch's real owner. Lilly was so heartbroken. She thought that she finally has found a friend. Lilly cried as she walked home. Two weeks later the man was moving. He couldn't take Butterscotch with him. He gave Butterscotch back to Lilly they were so happy and joyful that they found each other again. So now Lilly and Butterscotch were best friends again.
