

# The Enchanted Forest

by Hameedah S.

Once upon a time there were two twins named Lia and Mia. The twins really loved to explore around and go for adventures. One day their parents said they would be going for a trip so for a few days, so they had to stay with their grandma. When their parents left, they snuck out of their grandma's house and went into the forest. They saw danger and do not go here signs, but they went in anyways. When they went into the forest, they found a fairy. The fairy said "who are you two" the twins said "I'm Lia and this is my twin Mia. The fairy said, "my name is Ella". The two girls asked "do you know how we can get out of the forest? Ella said to herself quietly "I do but I want them to stay forever". Then she told them "I don't but if you stay longer, I'll help you get out". But little did they know Ella was lying. She asked if they wanted some goodies and they said, "yes please". Ella put fairy dust on their cupcakes and when they ate the cupcakes they forgot about their life and though the Ella was their older sister. Ella said "we should go to the mystic waterfalls and have a picnic. They agreed to come. When they arrived Lia and Mia wanted to go for a swim, but Ella said nervously "umm..... please don't

swim umm..... it's umm dangerous... so please don't um swim?" Lia and Mia didn't listen, so they went for a swim. As soon as they touched the water, they got their memory back plus the water revealed what the fairy did so she knew she couldn't be trusted EVER AGAIN! They went up to her and they told her "look we know what you did you should be ashamed of yourself show us the way out of the forest NOW!" Ella said Crying "I'm so sorry please forgive me \*sniffles\* I'll show you out just please forgive me." The fairy then said, "I'm sorry I actually can't show you the way out because this is an ENCHANTED FOREST". The two girls thought she was lying so Lia gripped her shoulder and said, "look fairy you fooled us once but it's not going to happen again Understand so you better show us the way out NOW!" The fairy frowned "I see you don't believe me which is reasonable but I'm telling the truth this time so either you come with me to princess Rosabell Athena's palace or you're on your own and the evil werewolves would probably eat you so I'm basically your only choice so let's go" Ella grabbed their hand and flew all the way to princess Rosabell's palace. When they got there Ella greeted the princess. The princess said "hello visitors I am princess Rosabell but you can call me Rosa". Mia said would you mind showing us the way out of the so called "ENCHANTED FOREST". Princess Rosa said "I'm sorry for I cannot".

Lia then said “please we need to go ho- “I said I cannot but I can take you to the MYSTICAL waterfalls maybe it will solve your problem” Rosa interrupted. Quickly Lia said “but-“then a very sharp voice said “SILENCE THE PRINCESS HAS MADE HER CHOICE”. A short time after Ella, Mia, Lia, and Rosa started traveling to MYSTICAL waterfalls. After days of searching they never found it finally Lia said “are we even close to getting there I’m so tired. Rosa then said “ops I ...um forgot you don’t have to travel far the MYSTICAL waterfalls comes to people in need only if they have a pure heart” at that second the water falls appeared in the distance. Everyone then called “THE MYSTICAL WATER FALLS WE FOUND IT” then Ella called out “more like it found us here”. When they got closer the MYSTICAL water fall spoke “I see you are in needed “it spoke very sweetly. I can help you just say your wish it said”. All the time we were here it made me see how much I love it here “Lia said. We made up are mind we wish that everyone outside the ENCHANTED forest forget who we are” the tree said “ok as you wish”. Then a loud BOOM happened. A few days later they arrive back at the palace. Rosa said would you like to live with me” they said “sure”. The next month came so quickly. When it came Lia and Mia were crowned Princesses and are now known as princess Liliana and Princess Maria. They love each other dearly and still hang out with Ella. They are 16 now Rosa is 18 and Ella is 17 to this day. Today is a special day for them. Today they get to get out of the ENCHANTED forest and go into the

world of the possible. In the world of the possible anything is possible. They are going there because they are thinking of merging the two palaces. When I say them, I mean Rosa, Liliana, Maria and Ella. Let me introduce you to the royal family of the possible there is princess Alia and Ally and lastly future queen Elizabeth. Once they all looked at each kingdom it was final! The two kingdoms were merging. Once they got all moved in, they got along very well. They want to thank Ella for being the best and helping them along the whole journey. Therefore, they crown Ella the new ENCHANTED forest princess. And they live happily ever after.
