

Reversing the curse

by Audrey S.

Hi i'm Travis. I live um... this might sound a little crazy but I live in the middle of nowhere by myself no family no nothing. I no what your thinking. why don't find a orfonege or a family? Well I've tried that a couple times but every time I go close to a building theres a blast of blue light shoots me back.I wasn't always this way I think.I don't remember much but I do someone named zeuz broke into me and my families house and killed my parents I casted a spell on me,and that's all I know about that.But living here is not that bad I can sleep pretty well and there anough food for me not that I'll have guests any time soon.That got me thinking that night why don't I go to zeuz's lair and find the potion to undo my spell.So that night I got some supplies ready including a secret map zeuz left. Bright that morning I left and headed for zeuz's lair.It was a long trip but worth it when I finally got there I was tired and exhausted. Then from inside his lair I heard him mummering to himself

Something about being an old ...something.I ignored it and snuck past his forosious spike dogs.When I got inside zeuz's lair I looked around and saw multiple pitures of evil villians.I tiptoed along the narrow hallway until I saw a sign that said :potion room,I followed the sign until I was sorounded with shelves with million potions on them.I began to seach through all the potions until I found that would reverse my nsaty spell.But then I heard growling sound coming from behind me when I turned around I saw zeuz growling at me like crazy.He began to charge right at

me I closed my eyes and waited I didn't feel anything when I opened my eyes zeuz was lying down behind me he was saying in a mean at the same time weird tone he wish he wan't ghost. Jumped with joy and gobbled down the potion. Then I Lived Happily Ever After!!!!
