

Cat Tails

“Weeooo, weooo, weeooo” cried the police sirens. Super Whiskers was off catching another criminal. This criminal was known as Dr. Claws. He had just stolen the only time machine on the face of the earth! “Ha, ha, ha you’ll never catch me Super Whiskers”; Dr. Claws was about to step foot in the time machine when “KABOOM”, he got shot with Super Whiskers laser eyes. “Meeooow”, hissed Dr. Claws while he cried with the sharp pain in his eye. “I’ll get you someday Whiskers, I’ll get you”, meowed Dr. Claws, as the police cat locked him up.

No cat heard from Dr. Claws again; Until one fateful day..... He escaped! Dr. Claws had been planning his vengeance for Super Whiskers while in jail and now he knew just how. Dr. Claws would disguise himself as Aunt Rose, an old relative that Whiskers hadn’t seen in 20 years. He went to the Christmas family dinner, as “Aunt Rose” and asked to bake some cookies. Little did he know that Whisker’s son had invisible powers and was watching Dr. Claws put the poison in the cookies. When “Aunt Rose” came out with the cookies, she gave the first one to Whiskers. As he was about to take his first bite, his son yelled “STOP”. Whiskers stopped and asked what was wrong. His son told him everything and Super Whiskers turned to “Aunt Rose” who was very nervous. “Is this true Rose, or should I say Dr. Claws!” Dr. Claws ran for the door but before he could open it, Super Whisker’s had caught him. Super Whiskers took Dr. Claws to the police cat sergeant, who locked him up in a maximum security prison, Where he would never be heard from again!
