The Last Words Library

One foggy night teenagers Jamal Green and Fiona Jenkins were at the library studying for their history test. It was their first time at this library.

While they were browsing on the computer the creepy old librarian Ms. Stanley announced that the library will be closing in 25 minutes, and just

like that the library cleared out and the only people left there were Jamal, Fiona, and Ms. Stanley. "Hello there children", Ms. Stanley said in

raspy voice. "Are you looking for any specific information?". "No Ms. Stanley.", the teenagers said in unison. "Well that's nice because I want

to give you whipper-snappers something.", said Ms. Stanley. "And what might that be.", Fiona asked puzzled. "Oh, just a little surprise."

said Ms. Stanley "It's so surprising it might kill you LITTERATLY!", exclaimed Ms. Stanley. "Uh what did she mean by that?", Jamal

whispered to Fiona, "Oh Jamal can't you tell she's kidding.", Fiona said frustrated. About 5 minutes later Ms. Stanley walked out with a duffel

bag and gloves. "Did you enjoy your life?", asked Ms. Stanley. "OK seriously I think we should run", Jamal whispered to Fiona, but Fiona

didn't get a chance to respond because at that very moment Ms. Stanley crept up and stabbed Fiona in the back with a rusty axe. Jamal didn't

know what to do, he didn't know what to say, but he didn't have to say anything because the last words he heard were "You're next."
