

The Secret of the Dragon

By Joey W. and Squire B.

Civen and Ivan were taking a walk in the forest and thinking what they were going to do that day. Then, they saw a dragon egg. Then, they saw a dragon guarding it!

All of a sudden Civen and Ivan pulled out their swords and jumped into different trees. They jumped on the dragon's back and stabbed it. Blood went all over the ground. Civen and Ivan grabbed the dragon egg and ran as fast as they could run.

They took the egg to their home base and waited for months and months. Just when they had given up on their egg hatching, they saw a tiny, baby dragon in the yard. It was the cutest thing!
