

# The Fall

By : Madison A.,

One day I got a call, and I answered it. I said "hello who is this?"  
It was my best friend Kameron she asked me "hey can I come  
over?"

Then I paused for a second all of a sudden I asked "why?"  
Then it sounded like she was going to cry the silence grew  
Until a voice interrupted it Kameron started speaking  
"Can I come over it is my last day in San Antonio  
and I am leaving for Washington tomorrow and I want say  
goodbye."

As soon as she said those words I told her to hold on and ran  
out of my room and ran up to my Mom and said "MOM can you  
go get Kameron?"

Before I could finish what I was saying she said "Why?"  
I told her that Kameron is leaving for Washington tomorrow  
And I want to say my last goodbye" and as soon as I was done  
talking she got up without saying a word and got her shoes and  
grabbed the

Keys and took me by the hand and ran out the door!

We arrived at her place and we got her and drove home.  
My mom dropped me and Kameron off at home and she drove  
off

In my mind i was wondering where she was going but then me  
and Kameron

ran inside and started talking about how she is excited for school and how I am excited too!! I heard my mom open the garage and I looked at her hand and she had Whataburger so me and Kameron rushed out there and started eating fast so that we could go Outside.

Me and Kameron finished so ran outside and got the scooters and started going up the hill I was a little scared but we finally got to the top. I said "you go first." I watched her go down the hill gracefully then I said in my head " great now it is my turn!"

I started going down faster and faster and then I could feel myself move forward and I accidentally put my foot down and tumbled down the hill and my neighbors saw and they ran to me and asked me if I was ok and I said yeah just a little bit bruised and I walked down the rest of the hill until I got close to kameron she said "OMG are you ok

I am so sorry!" as soon as we meet we started walking towards the house ran inside and washed it off without my mom seeing seeing it then I went to I my mom she said "OMG HOW DID YOU DO THAT!!!" I explained what had happened I said " we were playing outside and I fell !" she told me to go put water on it. After a while it got later and later then Kameron said it is almost time for me to leave and i told her to get her stuff together so her grandma won't have to wait outside. So we talked about school and what she is going to do in washington.

Then that is when her grandma texted her that she is on her way. P.s she does not live far from me so her grandma got here quick then me Kameron and my Mom went outside and her grandma said Kameron say your last goodbye we hugged and waited then kameron got in the car and drove of after that in my mind I knew that I would miss her.  
Have you ever had a friend that moved?
