Life?

How many meanings does it exactly have?

If you really want to know ...

MANY

I never knew one word could have more than one meaning until today

Untillllllllllll....High school

Until now

My name is Riley Brooks and until today my meaning of life was simple Popularity. Coolness. Royalty. These words describe what I used to be until earlier today. Here's what happen ...

~Earlier~

THIS IS IT. THIS IS THE DAY EVEY MIDLLE SCHOOLERS LIFE AWAITS .THIS IS THE GLORY CALLED HIGHSCHOOL.

Why am I so excited?

I don't know.

I slowly open the doors and walk a cool walk into Oak Woods High. Everybody stares, everybody smiles, People even walk up to greet me.

Could this day get any better?

I DON'T KNOW MAYBE?

AS soon as I put my stuff down in my locker and pull out my schedule and my class books....

Somebody walks up to me and says, "Hi I'm Eliza".

I say "hi" back and was about to say more until i hear the warning bell for class. So, I say "bye" go to get to class talk to you later?". I make it in right on time to my first the class. The teacher greets me with a smile, and I take a seat down in the back.

The last seat left; it has a letter "Welcome to high school"

Your teacher

Ms.Wodderlane

The teacher goes on and on for the rest of class about how high school is important, and this is the time you make decisions. She also had a PowerPoint on making the right decisions in life.

~BRINGGGGGGGGGGG~

The bell finally the thing I've been wanting to happen.my next class is art one of my personal favorites!!Today has been going well so far.

I can't wait till lunch though.

~In art~

Our assignment is a painting, our first major grade assignment this year. Thank goodness I got something easy, a dog. Could this class get anymore easier??

Nope

~Fast Forward to lunch time~

At lunch Girls sitting at the popular people table flag me over to sit with them so I do.

I tell them the Basics

Name

Age

Favorite things

And most asked for my number so

I gave it to them

They go on and on about how ugly some people's outfits are and being slightly disturbed by this I go throw my tray away and hang at the library for a little

Soon lunch is over thx goodness I head to my locker when i hear somebody crying, I hear people talking so I look around the corner to see those girls I sat with at lunch bullying another girl. I try to scurry away, but one notices me and asks, "don't you think her outfit looks dumb for a ninth grader who should be trying to make friends in school not scare people away?"

I quickly ask myself with reality who do I want to be.

The bully

The nice girl

the stand by

Or the stand up

I remember Ms.Wooderlane's PowerPoint , it runs through my head..

~make the right decision~

So, I say "NO" the girls begin to look at me I'm some lost alien touring earth that they have never seen before

I start to ask myself if I did the right thing

I KNOW I DID THE RIGHT THING!!!

I stood up for somebody who couldn't stand up for themselves

~THE END~
