

Avery`s Surprise

Avery was born with leg cancer. On Avery`s seventh birthday all she wanted to do was go to school instead of being home schooled. She came down stairs on her crutches. When her mom asked her “What do you want for your birthday? Oh, I know you want to go to school don`t you?” “Yes, I do and that is all I will ever want to do.” “And you know you never will till you are healed.” One day when Avery was 14 she noticed something had changed but she did not know what it was. She walked down stairs without her crutches! “What in the world do you think your doing without those crutches?” Avery`s mom screamed. “I do not feel like using them I don`t feel so bad anymore!” She replied. “Well then let`s go to the hospital and see what they think.” “Well it seems to me you are healing very slowly.” Said doctor Liz. “Really? Thank you so much!” Avery screamed with excitement. One August day when Avery came down stairs her mom had a surprise for her. “Honey, I have a surprise for you.” “Really, what is it?” “Are you ready to get to go to... SCHOOL?” “NO WAY!” Avery had the best year at school ever.
