

# The House

By Adelia R.

Everythings New

## Chapter 1

I did not expect my summer to turn out like this, it all started when we moved to a new house and I guess that wasn't that bad, but it wasn't just a new house it was a whole NEW TOWN! Me and my younger sister Lily were not happy about it. When we first arrived, Lily and I looked at each other. Mom told us to grab our bags. I wanted to say something about the house, but mom was already very stressed. So, I just grabbed my bags. But as we were grabbing bags Lily said, "Daisy, I don't like this at all" and I was thinking the same thing. But I didn't want her to worry more so I just said, "it's just new Lily we'll get used to it" Lily just walked away with her bag and her favorite teddy bear. I could see the tear in her eye. I knew she already missed home. But then I got to thinking as I was grabbing my stuff, everything will be new friends, school, house, room everything. I was so scared about going to a new school that I forgot I was grabbing my bags. Mom then said "hey Daisy hurry up and grab your bag."

So, I grabbed my bags and rushed inside. Me and my sister argued about who gets the bigger room Lily shouted, "Daisy you always get the bigger room". So, I said it's because I'm older". She was mad but mom heard us and picked the rooms and, of course I got the bigger room cause I'm older and it had a bathroom in it. I was really happy at first. The room was big and still empty. We were still waiting for the moving van. I wanted to invite Lily, but she was still mad. So, I just sat down and read a book. A little later me and Lily went to go play outside. We were playing tag Lily said, "Your it", "Hey I'm gonna get you", "Wait Daisy I swear I just saw the attic glow", "Umm are you sure", "Yes", "Lily I don't think so were you seeing things again", "NO!" Lily said in anger "okay I'm sorry Lily". "Girls come in for dinner", mom said right after that". Dinner was good. We had pork chops mashed potatoes with mom's famous gravy and some green beans. After dinner We went to bed, but lily was scared in the middle of the night she came in my room "Daisy can i please sleep in your room".

"Bad dreams again", "Yes", I finally get my own room, and I still have to share it I did not want to be rude, so I said, "Sure but just tonight", "I'm sure you'll get used to it the house is just new Lily", "Okay thanks Daisy". I tried to go back to sleep but Lily kept kicking me in her sleep. in the morning, I was so tired luckily, we did not have to start school yet. Most of the day I slept.

## Chapter 2

## The Portal

Later once I woke up me and Lily went to the attic to look around. But there was some type of cover over this thing. I yanked it off and it was some type of portal “Lily look”, “Wow what is this”. The portal slowly started pulling us in. Lily and I started screaming “AHHH”. “Wow Daisy where are we?”, “I don’t know”. This person came up to us “Hey who are you guys”. Said the person I said we don’t know where we are. The person told us to come to her house. She said, “This is a wonderful world but there is one rule you must follow: never go to the house on the big hill by the dirt path”. Me and Lily were confused but we just listened. Me and Lily went to explore. But as we were exploring Lily ran to the house on the dirt path up the hill. “Lily no”, “What”. The house door opened and just like that Lily was gone I ran up to the door. Opened the door and ran in. I saw the woman with my sister “give me my sister”, “no you brat”. I ran the woman tried to harm my sister. She had captured every little girl who came there. I found glass on the floor, and I cut the woman and ran with my sister. The woman chased us, but we ran into the other girl’s house and locked the door. We told her what was happening and she showed us another magic portal we went In It and just like that we were home by the time we were home it was bedtime. Me and Lily agreed this was the craziest summer ever. And just like that that was my craziest but favorite summer ever. In the morning, we told mom all about It. She thought it was just a dream. but she acted like she thought it was real. Soon after me and Lily started school, we made a bunch of friends and told everyone are story. My favorite part was I got to spend time with my little sister. We went back to the attic and covered the portal back up. And are moving van came after we set up the house it was late so we decided to go to bed. Lily slept in my bed again, but I didn’t mind. When we woke up, I was very tired but today was Saturday. All day I spent the day with Lily playing outside and watching movies. All though summer was over we still had fun and we’ll never ever forget this summer. This was the best summer of all. Though not everyone believes It I know It. From that day on me and my sister never fought or argued (except occasionally). Sometimes we still tried to get mom to believe us and maybe she never would who knows? I loved It here.
