

Trapped in a mystery

By Paisley M.

Once there was a girl named Stacy and Stacy's parents owned a library. Stacy loved books but sometimes she would play a game or watch something. One day Stacy came home from school and her parents were gone. "Mom? Dad? Where are you?" she shouted. She looked everywhere but still couldn't find them. She saw a book in the library moving. As she goes over she notices that it's a graphic novel. She looks at the page it stops on. It shows her parents! So she looks through the book and at the end she's there with her parents. She does not know how but this could be an explanation for why her parents are gone. She's only heard of magic once but she thought they were just folktales to make kids believe or sometimes even get scared.

I have to find my parents, she thought, but how? She looked everywhere in the library shelves and still no sign of how to get her parents back. Stacy sat down saying to herself i'll never find my parents, never. Then a hand comes out from behind her and takes her. "Who are you and what do you want with me?" " I know where your parents are," says a deep voice that sounded a bit like her lab partner. Stacy turned around to see it was her lab partner, Jake. "Jake, thanks for the scare that felt like my soul was leaving my body." Stacy said sarcastically. "Sorry Stacy, I've been looking for you all day. Then I came to the library knowing you would probably be here but your parents weren't here so I looked around, then you came in but I know where your parents are." "How?" says Stacy.

"When I came in I saw your parents talking about a book realm and it would be a risk to go in it but it would be worth finding your sister." says Jake, sounding a bit like a super nerd. "I have a sister, woah, new information." Stacy says surprised. " You didn't know you had a sister?" "Apparently not!"

Stacy and Jake sneak through the library. Jake pressed a button and a door opened. "Woah" says Stacy. "I know right." Jake takes Stacy to find her parents. Along the way Stacy met a baker, an amazing cat she named Farmile but then a dragon was blocking her way to her parents. Jake for some reason had a sword and fought off the dragon. Then she saw her parents. "Mom dad, what happened?" Stacy shouts. "Stay away Stacy, run" shouts her mom."no!" I'm saving you whether you like it or not." said Stacy." Now Jake, why are you here too?" says her dad. "Sorry I had to help her," said Jake." Ok fine, just hurry up!" Stacy runs over and unties her parents. " Ok, now let's get out of here." Says her mom."No, I'm not losing my June again." says her dad. "You're who?" says Stacy. "Well your sister, twin sister." Stacy looked away with tears in her eyes. "Dad, will I ever meet my so-called twin that y'all never told me about. Y'all lied to me, do y'all know how I feel it sucks when your parents lie to you." Her mom and dad exchanged sorry looks and said "Stacy we would never try to lie unless it was important. We are sorry Stacy? Can you forgive us." Stacy just turned and decided to say "I guess just no more lying about siblings, ok. Wait, do I have a brother?" Stacy said like she knew but didn't know. Her mom and dad just laughed and said they would explain when they dropped off Stacy at Jake's parents house. "Bye we love you Stacy we'll be back in a week." A week later her parents were home with her sister. She looked exactly like Stacy, just blue eyes.
