

Tales with Turkey Tina

By: Everly M.

Chapter 1 Turkey Tina

Hiiii! My name is Turkey Tina and I have a BIG PROBLEM. The farmers are trying to capture me and put me in a farm! Like seriously a farm with other animals. Don't get me wrong, I love my buddies Pollie the pig and Charlie the chocolate chicken. But I can't seem to get along with the other animals. Back to the farm thing, first things first, I've figured out why they want me- They want to EAT me! I mean I get why.. I think I have great taste, but that's for fashion not for EATING! Yikes!

Chapter 2 The Plan

I've figured out a plan... I'm going to turn myself into an alien with my old Halloween costume and hopefully scare the farmers away! That'll do the trick right? Surely an alien will scare them away. Gimme a sec to find my costumes... soooooooo, wa da ya think? There's still some feathers sticking out, but I think it adds to the whole extraterrestrial effect, eh? Shh.. I think I hear farmer Bob's footsteps. I better take to the skies! You stay here and see what he does when he can't find me!

Chapter 3 The Farmer

"I am so excited to eat fresh turkey for Thanksgiving," said farmer Bob as he stepped out in search of Tina. A few hours later... "Hmm, where is that turkey!?" Farmer Bob said in exhaustion. Ugh, I guess I'll have to think of another plan, maybe I can whip up some chicken or ham instead?" "What?!" I can't believe that just worked!" said Tina, "But now my friends are in danger, will you help me save them?"

Chapter 4 Safe. Maybe? (POV: Pollie the Pig)

Hi! My name is Pollie and I'm a pig. You wanna know something weird? Farmer Bob has been feeding us a lot more lately, Tina says they're trying to fatten us up to eat us because that's what farmer Bob did to her last week! How bizarre is that! Wait a second, do you think that could actually be why? I have got to find Tina!

Chapter 5 The Meeting

Pollie the Pig and Charlie the chicken were waiting for Turkey Tina in the farm shed. "Nobody ever goes in there, so it's the perfect place for a top secret meeting. I mean look around rusty cans of paint and pieces of trash scattered everywhere. They'll never find us here." said Pollie. "Yay, Tina's here!" yelled Charlie. As they were discussing ways to escape

the farm, they all froze as they heard farmer Bob yell, “ POLLIE! CHARLIE!” After exchanging a quick look at each other, they all panicked! Running around the shed with flailing limbs, Charlie accidentally knocked over a small shelf with a bunch of rusty buckets. “CRASH! CLANG!” Green paint flew EVERYWHERE. They were all covered and burst out the shed doors yelling.

Chapter 6 Great Escape

Still in search of Pollie and Charlie, Farmer Bob saw three green blobs fly out of the shed. Confused by the sight, farmer Bob yelled, “AHHH, ALIENS!” The three green blobs looked at each other again and screamed, “AHHH, ALIENS!” and ran even faster, all the way back to Tina’s home. When they arrived and realized they were safe and not in fact being attacked by aliens and they were the “aliens”, they burst out in laughter. “Phew, safe for now!” said Tina. But they had a feeling farmer Bob was gonna come back. Charlie had the idea to keep up the whole “Alien” tactic. “It worked for Tina, so why wouldn’t it work for us?” he said. They all agreed and went scavenging for alien-like things like moss and fabric from more of Tina’s old costumes.

Chapter 7 Aliens?!

As they were scavenging, they heard a big “BOOM!” and a “POOF!” Standing there was a spaceship as big as a mountain! “Hello, fellow aliens.” said in a very robot-like voice. Pollie, Charlie, and Tina were as scared as the Cowardly Lion in the Wizard of Oz. “Would you like to join us in our adventure through the galaxy?” Said the robot voice. “Ummmm, sure?” Charlie said, stuttering and thinking about farmer Bob chasing them. “We have lots of space for you, let’s be on our way then.” The robot voice said. A beam shot down and they began to float up to the spaceship which was way bigger and more beautiful close up. There was a huge control area, a green grassy field, four swirly slides and rows and rows of beds all snug and cozy. They heard the engines firing up and the robot voice on the overhead speaker, “3...2...1... blast off!” Tina, Pollie and Charlie landed safely on a faraway planet with new friends and lived happily ever after, and safe from farmers. Farmer Bob and his family had to become vegetarians after the strange disappearance of all their animals but also lived happily ever after.

The End.
