Once upon a time there was this girl named Holly and she was 7 years old and she always wanted a dog but she couldn't have one because her dad was allergic to dogs. One day Holly went to the carnival with her friends and when they were at a sorcery the sorcery said "There is something at the vet awaiting for you", then her friends went to the vet and guess what there was there... A DOG! Holly couldn't believe it so Holly looked at its collar and she said "Its name is Dude", but Dude was magical but it was past her friends bedtime so they said "We got to go", so then Holly was left with Dude luckily her dad was not home because he was on a work trip when Holly got home Dude was hungry so she gave him some dog food but he would not eat it so then Holly thought for a while and she thought what would a magical dog eat? Then Holly thought of an idea and her idea to feed Dude was... magical chicken nuggets! She knew that she had some leftovers a few days ago from the store so she gave him some and he ate it and when she tried to pet him he snarled at her because he did not want anybody to touch them. The next morning she took Dude on a walk but when she was walking him there was a squirrel on the sidewalk and Dude started to chase it and Dude was really strong so he pulled Holly to! Then Holly yelled STOP to Dude but he kept on running so Holly thought real hard and she said "Do you want a treat Dude"? , But then Dude stopped and she awarded Dude with a treat then when Holly was at school Dude got into all of her stuffed animals when she got home there was stuffing everywhere she had to clean it up fast before her dad got home as soon as she got done her dad was here and he wondered why was there a dog so Holly explained how Dude was magical and you would not be allergic to him so dad agreed that Holly could have a dog
