Title: The creepy doll

One time I was in the store and my sister wanted a doll. I didn't want it because it looked creepy but my mom did not have a choice so she bought it. Next day I went to see the doll of my sister and it wasn't in the box. Then I went to the restroom and there was the doll with candles. Then I went to my mom's room and I told her. Me and my mom went to see but it wasn't there. My dad already knew what happened so we threw it away. The next day it was 3: AM. I went to get water but the doll was back. It was in the kitchen and then everything was floating in the kitchen. I ran up the stairs to my mom's room and told my mom and my mom told my dad. When we went down stairs, it was all like new. Everything was back on the ground and the doll was not there anymore. We called the police and they came but they did not find the doll so they left. Me, mom, and dad went to live with my aunt. When we got there and we told her what happened, we went back.

Episode 2

We went back with my sister and the doll talked and she asked if my sister wanted to play hide and seek so she said yes. But she was going to kill her and she said, "If you want her back, you come." So I came to her and she killed me because I love my sister and I did not want her to die because she was barely living. My sister was 8 weeks and I needed to know what happened to my brother. So I went to a haunted house and I somend the doll and everything was moving until it stopped and something grabbed my leg and I got out of it and I went running out of there. I was

crying until I knew that there was nothing to do. **END**
