

**Rich Family**  
**By Zariah C.**

Hi, I am Taylor. Let me tell you how I found out that I am rich! It all started three days ago when my mom and I went shopping and she kept going into expensive stores. I asked her "Why are you going to expensive stores? Aren't we broke?" She just started laughing. When we got home, I waited for my mom and dad to go to sleep so I could investigate. One hour later I found a tunnel that led to a keypad. I tried everything for the password and then it hit me, my birthday! It worked, and when I looked inside there were piles of money. When I was done counting the money, there was more than ten thousand dollars!
