

The End Is Near

Chapter 1

My name is Jacob, and I am 17 years old. I'm currently repairing the town. Why you ask? Well, let me start at the beginning. It's Friday, November 10. We were on a field trip to Mr. John's Lab. "Come along everyone" says Mrs. Jane. "This is subject 1209 aka Chrome. Everything it touches turns to metallic water." I raise my hand. "What happens if humans touch it?" "Well Jacob, your body will get heavy during stage 1, you'll collapse, and gain power in stage 2. That's why we keep it in a case." While we were seeing the other subjects, I had tripped and dropped subject 1209. "Jacob, come along." said Mrs. Jane. "Coming," I was quick to reply.

Chapter 2: The Spread

I couldn't get any sleep. I had a headache from the chrome I dropped earlier. I couldn't take it anymore, so I decided to do something about it. As I got up, I heard a large BOOM. "What is that?" I said to myself. I looked out my window, and saw a large thing had ripped open the sky. A shadow came out of it, shouting, "At last! I'm free....Reality 760 is AT HAND! Go my children, prepare for the Chrome Queen to take over HA HA HA." I didn't know what I had just seen...oh no.

Chapter 3: Reality 760

“What's going on?!” I said, burying my face into my hands. I looked outside again, and the sky was still ripped open. It appeared to be leaking out flames covered in nothing but the color red. Seeing people running away, I got scared. I wanted to save everyone...somehow. That's when I remembered the power potion at Dr. John's lab! But there were so many chrome guards protecting it. I found gray tape and I covered myself in it, and then ran to the lab. Time to save the world! Once I got there, I looked for what felt like hours. When I found it, I chugged it as fast as I could. I felt a shock fill my whole body. When I left, it looked like there was something in the alley. As I checked it out, I found a tent, a campfire, and all my friends. When they saw me, they all hugged me. We were the last kids to survive. We went to a store near us and grabbed armor and weapons. The Chrome Queen's tower was like a skyscraper. We climbed and climbed to get to the top. When we made it, we were face to face with an army of chrome guards and the Chrome Queen herself. My friends fought off the guards while I took on the Queen.

Chapter 4: War

“You really think you can defeat me? A weakling like you? HA pathetic.” Said the Chrome Queen. “I will defeat you even if I have to die.” I snapped. “So be it,” she made her hand to a Chrome blade. *slice* I got a cut on my arm. I formed a big ball of water and flooded her. She sliced while I blocked her attack. My friend, Adam, came to help. He used his bat to throw my fire balls at her. Then the worst thing happened...the Queen finished Adam. “ADAM, NO!” I screamed. I got really mad. “You took my loved ones, and now I will end you!” I shouted. I flew to the sky, and made a huge blue beam sending the Chrome Queen back to her realm.
