

GALACTIC DEFENDER

By Brandon A.

CHAPTER ONE THE BEGINNING OF THE END

You may have heard about the Guardians of The Galaxy before, Star Wars and other space stories, but this is a story about a man named Levi. Levi's history is so wacky and crazy that some folks have forgotten about his amazing adventures in the dark black place that we call space.

"What is that?" said Levi "I think it's another monster!" Jack said cheerfully. I cannot wait to save another planet from being crushed by another terrible monster! "said no one ever" Levi said in an annoyed tone. "Let's inspect the area first to make sure that there is no one protecting the monster. "Got that Levi" said Jack. "Coast is clear Jack, I just flew in and used my thermal vision to see if there was anyone trying to protect the monster." Levi said. "I think this is going to be harder than I thought even my laser eyes couldn't hurt him Levi." Said Jack. "OK so can I help you?" Levi said with a cute voice. "No, I think I can still pull this one off." In a heroic tone. "Uhhh!! WHY DOES IT HAVE TO BE THE SAME RESULT EVERY SINGLE TIME I ASK! Last time it was an easy monster that was trying to steal Jupiter's moon Titan but of course he has to do every single mission by himself. I hate how he says the same thing over and over again, and I don't understand, all I'm trying to do is be nice and help out every once in a while, but of course I don't EVER GET TO DO A THING AROUND HERE!! The only thing I do is fly in and tell him if he could go and do all the work instead of working like a team You know what, I'm just going to go and try to be even better than him and go find someone I can cooperate with and we can become the ultimate duo. Once I find that person, we are going to be called the...

Galactic Defenders!

CHAPTER TWO THE GALACTIC DEFENDERS

“Time to go!” Levi said gratefully. “I can’t wait to go and find a buddy and we can be the Galactic Defenders! So, I’m going to travel to my home planet Earth where I got my powers from and I’m going to see if there are any other super heroes that can help me protect our universe. Oh, wait look there is a huge battle in New York City! I need to go help. Now it’s time to fight! Wait, this hero already dealt with it! Time to ask him if he wants to protect the galaxy with me. Hi! I saw that you defeated that monster pretty easily so I was going to ask if you wanted to join me in protecting our galaxy.” Levi said. “OK, but what’s your name?” The new hero said. “My name is Levi and together we will be the GALACTIC DEFENDERS!” Levi announced. “Alright then. My name is Mike!” he said heroically. “Time to search for any monsters in our solar system first and then we will go to other solar systems and search there.” “OK!” said Mike. “Wait I see a monster on top of Pluto and I think he’s trying to steal it! OK, let’s get him!”

Once they got there they saw that he was pretty big so they worked as a team and got the job done and they defeated the monster with some good old-fashioned teamwork. “Nice job Mike, that was awesome!” “Yeah, I can’t wait to get back out there and save more planets, dwarf planets, and solar systems!” exclaimed Mike. “Mike from now on we have to promise that we will always work as a team and defeat monsters with team work.” “OK. Got it.” said Mike.

CHAPTER 3 THE TEAM

“Ok so now what Levi? Are we going to destroy some more monsters and save more planets!” Great! So, let’s go save some planets! Wait look on Kepler 186f I see a monster trying to crush the whole planet!” said Mike. I’ll go in and see there are any other things there with my thermal vision then I’ll come back once I see that if it is just the monster or any other things there. I’ll give us the que to go in and defeat him. Roger that Levi. I’ll be waiting right here.

“Listen up I saw that there were some other smaller creatures of some sort on the planet with the bigger monster too so we really have to work together for this mission.” Levi said. “Sounds good” replied Mike. Then the two went in and worked together like they’ve know each other for years! They were amazing and fought so well it was almost like it wasn’t a challenge for them. After this battle, they were so excited about how well they did that they went back to Earth and had a nice lunch together celebrating their amazing victory and how they will do the same thing in the future.

“Hey Levi that was a nice move to the head of the monster when he wasn’t expecting it!” Mike said cheerfully. “You too Mike right after that when you hit him with your “Plasma Blast” right to the stomach!” Levi said happily. “I still can’t wrap my head around on how well we fought. I mean, that was a huge monster and we still were able to beat him with TEAMWORK!!”

Chapter 4
TEAMWORK MAKES THE
DREAM WORK

“Time to go!” Levi said. “Alright let’s go into space!” They both yelled. “Look on top of Jupiter is a Space Kraken!” Levi screamed. “Let’s go in... WAIT I SEE SOMEONE!” Mike said. “Oh my gosh it’s my old friend Jack fighting all by himself!” Levi said surprised. “Let’s go help him” Mike said. “Hey Jack it’s funny seeing you here.” Levi said. “Don’t worry I don’t need help I’ll be fine.” Jack stated. Mike and Levi insisted in helping but Jack wouldn’t budge. Then Jack realized that he really needed help so finally said yes. After he said yes, they helped Jack win the fight and then Jack realized that teamwork makes the dream work. Once he realized that he decided to join the **GALACTIC DEFENDERS!**
