

Skinny Maui

Paisley H.

Hi I'm Kennedy, I'm going to tell you what happened at the Rainforest Cafe, but first I will introduce who was there with me, my mom (Macey,) Cansas my best friend, Kallie my little sister, Clair my little sister's best friend, Regan my aunt, and Allie my cousin.

We were all at the Rainforest Cafe` and we went on the ride. It was really fun! I'm pretty sure Cansas got scared by a monkey that wasn't real because it swung over her!

Anyways, after that we went to the outside of the Cafe` and they had a TON of hula hoops out! So we all started hula-hooping! Cansas and I were in a very intense hula-hooping contest. The magician was saying hula-hoop WHILE walking and then my hula-hoop dropped and Cansas won!!! After that we did another hula-hoop contest and I won!!

Next, I saw Mom talking to the magician, Fran Swa. I asked Mom what was going on and she said that there was a creepy man just looking at us and just being really creepy. Fran Swa said that the same guy had been there many times before doing the same thing to other people, not just us. Mom said that they should call the police but they never did.

We stayed a little while after she told me about the situation. I saw the creepy guy wave over to Cansas as to say "come here." My sister's fear was like a sheep when they see a wolf. Next he did a little finger motion directly to Allie like he did to Cansas, and he did it in a really creepy way.

Then Mom told Regan what was going on and they told all of us girls. They said that we would all go to the store and tell one of the receptionists what was going on.

Mom and Regan told us that we had to all link hands and walk inside. Once we got inside the store we told the receptionist what was going on, and they told us a way to get from the back door to our car safely so that way he wouldn't be able to see us.

We all linked hands and walked to our car very fast. Once we got into the car Allie said that he looked like Maui from Moana but very skinny, so now we call him Skinny Maui.

That is the story of Skinny Maui aka what happened at the rainforest cafe`.
We never saw Skinny Maui again, and we are completely safe.

Based on a true story!!!!
