

# The Legend of the Chocolate Chip

By Anasua I.

For the legend of the chocolate chip to come true, you will need to follow these steps. You will need to make a ritual. The setting must be at midnight, with every corner of the room dark. Then make a star, with candles in each corner, and one in the middle. Light the candles and blow them away one by one. Then, leave the room completely, and don't go in there for 5 days. In the five days, you will need to find 3 beautiful bird feathers, 2 shiny rocks, 2 majestic flowers, 2 paper that has "chocolate chip" written on it, 3 chocolate cookies, and 60 hand-counted chocolate chips. After gathering those things, and waiting for 5 days, you may enter at midnight. Place the feathers, rocks, flowers, papers, cookies, on the corners and the chocolate chips in the middle. Then, light the candles, and blow them away, do that 5 times. If you have done it correctly, then a monster will appear, and he will ..... give you chocolate chips.

The end.
