

Star Crossed Love: by Kailyn S.

Chapter 1: War

Hi, my name is Lola. I'm a sea monster so yeah dragons hate us, but there is one that keeps crossing my mind, and his name is Blaze. Blaze is the strongest dragon there is, he was a true warrior. His mom is Blare, Queen Blare. She was a fierce and unfair queen, she only wanted girls for children, so she didn't like Blaze, she called him a disappointment to the family. Back to me, my mom's name is Lilac, she is the queen of Atlantis, oh yeah Atlantis is where me and my family live, we love it here, except the dragons know we live here so it's not that safe, but I love it here. So, about my dad, he is the King but also a warrior, and only the best sea monster warrior ever, so if it's not obvious, I'm a daddy's girl, I looove my dad so much. It was really stormy the waves were crazy, next thing I know my moms in my room yelling that the dragons were attacking. The sudden panic sent fury through me, the dragons are our rivals to the bitter end, they were here, attacking first. We are at war....

Chapter 2: The war

I jumped out of bed so fast "They're what!" I said, "Oh my god" I said, "We are here." Queen Blare says. "I'm sorry" Blaze whispers to Lola. "It's okay" Lola says tearing up. "I love you" they both say. "What do you say Blaze" Blare says. "Let's rip this place to shreds!" Blaze said in a fake happy voice. Lola dives back down trying to think about what to do. "What do I do, I can't hurt Blaze!" Lola says crying. Her guards follow her to her room. "Madam, you have to fight in the war." All the guards say in a weird country voice. Lola swam back up angry; she had to fight. "Guards assemble." Lilac says urgently. The war has begun "Mom, why are you doing this" Blaze says. "Because I'm showing you how to be a real dragon, because your father obviously couldn't." Blare says smugly. Blaze is quiet as he thinks about what Blare has made him do. He is furious...

Chapter 3: The Betrayal

Blaze can't hold back his anger any longer "You have nothing on dad; he was kinder than you could ever be!" Blaze screams angrily. "Blaze, I am your mother and you WILL respect me!" Blare yells frustrated. "I wish I was born into the Sea Monster family!" Blaze yells back at his mom. "Fine go and see if they want you!" Blare screams to Blaze. "Fine I will!" Blaze yells back. "I never wanted you anyways!" Blare yells. "Ha, you really thought I wanted you, what a joke!" Blare says smugly. Blaze turned around and flew away angry that his mother was so mean. "Lola, psst" Blaze whispers to Lola. "Omg, Blaze what's wrong!" Lola whispers back. "My mom sucks!" Blaze yells aggressively. "Oh, sorry to hear to hear that."

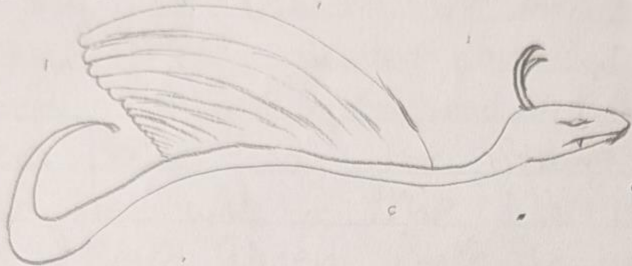

Lola says kindly. "Lola, come help there is more dragons!" Lilac screams to Lola. "Omg, what!" Lola screams. "There are more?" Blaze whispers to himself. "What was that?" Lola asked Blaze. "N-nothing, it was nothing." Blaze says in a panic. "Sissy!" Kelp and Coral scream as they see Lola. "Are you okay, where is dad!" Lola asked them. "Oh dad?" "He is fighting the flying demons." Kelp and Coral say. "He is? Oh my god!" Lola says terrified. "How many are there?"

Chapter 4: The argument

"Oh, how many? There are like 100 of them." Coral says bored. "Yeah, like 100!" Kelp says loudly. "Quiet down!" Lola says in a panic. "Why?" Coral asks. "Are we in trouble?" Kelp asks as he starts crying. "Shh, it's okay!" Lola says. "Blaze!" Blare says angrily. "Yeah, look at the little ones, they're a snack, the big one is dinner." Blaze says with a fake smile. "W-what, I'm, to young to die!" Coral says sad. "You're not going to die Coral!" Lola says.
