4th grade

One night there was a girl named Sarah, she was always at home sleepy and tired, so she had decided to sleep for an entire week. So when she tried to sleep, she had this wired feeling in her guts that she was going to have a nightmare, but she really didn't care so when she closed her eyes she saw this dark figure with a sharp tool in his hand, it was on a dark street with no cars AT ALL she freaked out and ran but when she turned around the figure wasn't there anymore but when she turned around the figure was standing right Infront of her she said h.....hi how can I help you the dark figure said come with me get in my car NOW. So, she got in the car. He got in the car also and drove to his house, it took six hours to get there. She was sleeping. when she woke up, she was in the basement she was hungry at the time but there was nothing to eat she had been there for hours she decided she was going to sneak out so when she came out surprisingly the door was unlocked so she went out of the basement the figure was at the end of the hall with a sharp tool luckily she had a sharp tool in her hand all of a sudden the lights turned RED the dark figure ran towards her and he killed Sarah, Sarah finally woke up from that week but the dark figure killed her in real life.
