### The First Kiss!

Hi, my name is Jenelley and I'm 11 years old, my birthday is October 17, so my birthday is coming up. I'm in 6th grade. One thing about it is that a lot of people like me, but this one girl doesn't like me because everyone likes me, but I don't know why she doesn't like me? Her name is Maliyah and she is 12 years old. One day I had went to school and she and I didn't know what to do, until this cute boy came and told her to "get away from her". After she had left, I thanked him for helping me, then he told me "no problem". Then, he asked me something I never thought he would ask, he asked me out on a date, and I didn't know what to say, so I said yes! And then he said "okay" give me your number so he would call me that day. His name was JD. Finally, the night came. On Friday, at 12:30 pm. As I waited all I could think about is what will I say? At 12:40 the doorbell rang. I quickly got my heels and went out the door. Hi he said. Hi, I replied. "So, want to go to the movies to see the Romance". JD asked "yea" I blushed when he asked. 30 minutes into the movie he started to lean over me with pucker lips, and I began to blush, and worry will I kiss him back do I pull away. It was the softest kiss ever. After the movie all I could think about is that kiss. At school that next Monday I came into history class and saw that mean girl Maliyah flirting and smiling with JD. I cried while running to the restroom. After, I pulled myself together. Then I thought what can I do to get payback on both of them.

### The Ultimate Pay Day

The next day it was 1<sup>st</sup> period and I was thinking about pay back, so you know I was trying to get something in my head. I finally got the perfect pay back plan. I will go to her house this night and I will steal all her valuable clothing. Finally, the night came when JD asked her out for a date. As I snuck into her house I looked to see if anyone was there. Next, I stole anything prosperous she and her family had. She had very expensive Versace items and I decided to steal them all and I couldn't wait to see the look

on her face when she saw that her family's belongings was gone and all her expensive Versace products were gone. Jenelley started to gather up Maliyah's belongings and took them to her house and hid them. Late that night, I stayed so I can see her face and her families face when they see that their belongings are gone. Maliyah came back from her date and her family came back from the mall, but they were furious when they saw that their personal belongings were gone and got mad at Maliyah for not staying home, so no one will steal anything, but she went on a stupid date. Maliyah ran to her room and started crying on her bed and Jenelley was excited because she accomplished her revenge plan. Jenelley was celebrating in her mind, until she was starting to feel bad for Maliyah and was calling herself a foolish girl and felt stupid for taking her stuff.

#### New Friendship

I feel bad for Maliyah. So, when she and her family fell asleep, I quickly set up a date with JD so I could bring the Versace to JD's house and I could get my second revenge. So, I came to his house as he sat in the car. I went inside to hide it under the bed. After the date I immediately called Maliyah to tell her I saw JD sneak from the back of her house with a big black bag. She said while crying " You did"? "yep" I said then I asked her does she want to team up? "Yes" she said, so the next day I called Maliyah over to get payback. She came over and we discussed our plan. The plan was to both create a date with JD separately. We did it at the same time. He agreed to both dates. The night came we both dressed the same time and we practiced talking the same too. Maliyah went to her house. Finally, the payback time has come.

#### The Revenge Date!

As we both arrived, we both said " Hi" at the same time. We had a good time. Little does he know his night will be ruined. Maliyah began to feel sick this was fake so we could go to his house and get the versace. We pulled up to his house and we rang the doorbell. JD opened the door to see me and

Maliyah's angry face. We acted like we were confused to why we both came on the same day for a date and got angry that JD was cheating on both of us. Maliyah and I entered his house and sat there for a while then Maliyah decided that we should go to JD's room and JD said "Ok", so we went. Maliyah and I requested to sit on the floor and JD said "Ok". When Maliyah sat, she saw something under the bed, and it was a black bag. She opened the bag and saw her versace items and looked angry. JD looked very surprised at the black bag full of her things. She hated him, so he hated her too and they never became friends again.
