

# Bob's Bird by: Maddie W.

It was December second, Bob was at Home celebrating his mom's birthday  
But deep down Bob was very petrified  
He knew what was going to happen  
That very afternoon.

Bob was 6'7 and in his 30's 32 to be exact,  
He had a pet bird who was only two and was a Parrot. His parrot had a heart problem which  
The parrot was diagnosed with two months ago.  
Bob's family LOVED the bird they called it many names like birdie ,Pepsi, and Butter Beer, but they knew the bird's real name was Little mac. Bob had named his bird after a super smash bro's character,  
When he played the game two months ago before he bought Little Mac a discovered Little Mac had a heart problem.

Bob was hoping and hoping his bird would survive the surgery he scheduled, he was hoping so much he thought his dream wouldn't come true, but the more he thought about it the more depressed he felt. As soon as his mother's birthday was over he drove her home and thought about his bird the whole way to his mom's house and back. As he got home he spent the rest of the day talking on the phone with his girlfriend about his bird heart surgery that day."DING DING DING" the alarm went off and Bob started to cry... it was time for Little Mac's surgery.

As soon as Bob and Little Mac arrived they went into the Veterinarian office then signed in and waited and waited in the pale blue chairs."Bob and Little Mac!" Bob looked up and saw a round lady in a nurse outfit he looked even more depressed than ever, The round lady said " it's your turn for the check up and surgery."They walked in the room, Bob carrying the bird cage his parrot was in, Staring at the floor Bob wanted to cry.

Later the surgery had started Yet, Bob had no strength to watch. He knew if he did he would cry and cry and cry till the room filled with clear salty water. Sitting in the waiting room for what felt like an eternity for Bob, Bob sat in the pale blue wooden chair talking to his girlfriend Jess on the phone trying to feel better but he couldn't help but think "Little Mac is gonna die Little Mac is gonna die" and that Sam thought played inside his head over and over and over again. Bob sitting in the chair so depressed Bob heard the veterinarian office door bell ring "Jingle Jingle Jingle" walking through the door Bob saw his girlfriend and his mom in the doorway and the moment he saw them he had a spark of hope ignite inside of him like a burning fire flaming a bright red flame. Before he knew it an Hour had passed and Bob hadn't even noticed the round nurse walking out of the surgery room with Bob's Bird in the shiny silver cage that Bob had bought. Bob glanced up in the middle of talking with his mom and girlfriend and saw Little Mac fresh out of surgery looking better than ever before and feeling great. Bob was finally happy and ever better Bob was so happy that he proposed to his girlfriend with a bright shiny

diamond ring , his girlfriend said yes and they got married and had two beautiful daughters and spent the rest of their life together with Bob's Bird.
