

# The Ghostly Story

My friend Niyah and I were walking from school happy all day. Until, she went home to see her mother; Niyah opened her mom's bedroom door and saw her mom dead on her bed. She was horrified when she saw that, then she realized that she needed to call the Hospital. When they came they said it was too late to save her. Niyah was so devastated after what happened with her mother. After what happened with Niyah I asked her if she wanted to have a sleep over with me, then she said "sure why not". She went home so she could get stuff for the sleep over. When she came to my house we got settled, cooked some popcorn, put on a movie, sat down to watch a movie. When the clock struck twelve Niyah woke me up and showed me the Ouija board, I was terrified when I saw that. She said that she is only using it because she is trying to communicate with her mother. So I let her use it, but I only let her do it because I want to communicate with her mother as well. We asked the board if there were any spirits here, it said "Yes". Then we asked if the spirit would show itself. Then suddenly we saw a bright figure in the distance. We realized that the bright figure was Niyah's mother. It said that it would like to talk to her daughter in private. After they were done talking she said that she had to go. She also said that she would never forget us. After

that Niyah and I went back to sleep. Niyah and I thought that this was the worst of it, but it was just getting started.
