

## **The Good Princess by Katelynne O.**

Once there was a princess in a faraway kingdom. She was not like any other princess, she liked horror movies and sports. She never liked dresses. Her name was Kate. She once saw a dragon in her village. Her mother kept calling Kate. Kate did not listen, Kate grabbed her sword and fought the dragon. Then her mother told her, “why can't you be like your other sisters, you are a strange child.” Kate ran to the forest angry and started crying in the woods. She was gone for three years. Then she went to the village that sent the dragon and she saw this boy she had liked so she tried to act like a normal princess.

The boy that Kate liked was a prince but the prince introduced himself and said, “I am Tom and I want you to meet me in the castle so we can have dinner sometime.” Kate introduced herself, they had so much fun that she asked him, “Do you want to go with me to meet my parents?” Tom said yes. KATE WAS SO HAPPY! She was shocked that she asked Tom if he wanted to meet her parents. So the next day Tom was packed and ready to go. And they were on their adventure and Tom said, “This is the other village” and Kate was surprised that he did not go back and the dad met Tom they started hanging out and they talked about guy stuff. Kate’s mom forced her to marry another guy, but she said no and ran to Tom and asked him to marry me and they lived happy ever after. And she had kids but she killed them, just kidding, but it is disturbing.
