the horrible day

On Blueberry rd. there is a house that nobody ever went in. It is on the corner of the stop signs that nobody ever stops. It stands still and it is quiet... to quiet. People say that the house has people that either committed suicide or was killed. Nobody ever went in there until now!

On a cold winter day the Johnson family is just moving in. They moved from New York to New Orland right by the haunted house. The mom and dad who are Cristina and Carl, they have six kids: Shelby, Crystal, Ryan, Rachel, Susie, and Rocket. Shelby is the quietest, Rachel is the oldest, and Susie is the smallest. The problem was that there were only four bed rooms, so there was going to be two rooms with bunk beds. Rachel wanted her own room. She went running in the bedroom and plopped down her luggage. Crystal and Shelby went in a room. Susie went in a room with Rachel. "No. "Said Rachel. " I want my own room."" But I don't have a room. 'Shelby said. So Shelby went in a room with Rachel. While that was happening the boys were talking about Halloween. 'Halloween is sometimes scary, and sometimes not.' Rocket said. "Yeah I agree" Ryan said.

Today is Halloween night were the kids get scared of

the horrible day

costumes and scary buckets...especially spirits. The kids wanted to go trick or treating, so the children went to their parents. Of course their parents said yes. So they set off they had a lot of candy, and that is because they had awesome costumes. Shelby was a girl vampire, Crystal was a pirate, Ryan was a rock star, Rachel was a princess, and Rocket was Elvis Presley. They all were planning to go home, but they saw a haunted house. They thought it was a joke so they went in. " I don't like this" Crystal said. " So" Rachel said.

OOOOOOAAAAAAHHHH! What was that? Rocket said. " I don't know" Shelby said. So they walked up the stairs, and the door closed behind them! They were trapped, and they did not bring their cell phones. They tried to call for help, but nobody heard them. Then all of a sudden the door opened and they were finally out. After that they walked straight home.

They learned a lesson, and that was never go somewhere where your parents do not know where you are.
