226 words

V the main dancer fell asleep in the BTS, a Korean band, tour bus. As they were going to their old college, V had a dream that BTS were all back at their college when everything happened. In theatre class V found new friends that were named Jungkook, J-hope, Jin, Jimin, Rap Monster, and Suga. In theatre class they all had free time, so they made friendship bracelets. Bang goes the door! The teacher yelled "GET IN YOUR PLACES EVERYONE". So V jumped up and got in his place, but right then it was V's turn. V got in his position and did the dance totally wrong. Everybody stared at him as he was embarrassed. V jumped off the stage, slammed the door, ran to his dorm. His friend Jungkook ran after him to make sure that V was OK. Jungkook said to V "is everything okay". "No it's not I did not practice instead I played video games," said V. "I was embarrassed because I felt like I was the worst dancer in the whole theatre." "Hey it's okay we can keep practicing until you get better if you want to", said Jungkook. Jungkook and V kept practicing until V got better in everyone in the whole theater. Jimin accidentally woke V up by splashing water on him and V said "It was all a dream"?
