Ch.1 The most beautiful girl in the world

Arshi's Point of view

"Arshi! Arshi! Arshi!" chanted the crowd. I scanned the crowd to see a wild crowd of students cheering for me. I squinted to find Rohan. Then, I found him, but it wasn't a pleasant sight because what I saw was Rohan smacking lips with a wannabe brat, Tania who thinks she can overrule my space of the most loved girl in the school. Rohan is actually very cute when you come to think of it. An awesome personality, cute brown hair, chocolate brown eyes and a great body build. I bowed and soon, we all exited out of the auditorium.

"Rohan, will you quit being such a jerk. I saw you and Tania and you know what, this relationship is over." I said when I saw Rohan near the exit. I started to walk away, but Rohan pulled me back around the waist. He pulled me in close and whispered in my ear. "Arshuuuu(ugh that stupid nickname he calls me when he tries to pacify me.) I elbowed him in the stomach. He puffed in pain and jumped back and I walked away.

Ch.2 The new boy

Rohan's Point of view

"Ring!!! Ring!!! Ring!!!" the phone ringed and the voice message came on again. I've tried calling Arshi nine times, but you know what I'm done with her. Yeah, I know that I've cheated on her once, but big deal! Suddenly, the doorbell and I walked towards the door and opened it. Arshi's little brother stood there with a shiny object in his hand.

"Geek, the big sis said to give this ring back to you. She really hates you know and I'm glad, because I hate you too. She said to keep this ring till she thinks she wants it back again. Pick her up from school tomorrow and don't get any doubts she's still mad at you." He informed.

Arshi's Point of view

Rohan and I were entering college when suddenly girls started squealing around us. I turned to see people surrounding and basically drooling over this cute, hot boy. Who's that guy? I turned to Rohan and found him staring at the new boy. Hmm... The new boy doesn't seem bad.

Later, my girlfriends and I walked into the cafeteria and all the lights were closed. "Surprise!!!! Happy Birthday Arshi!!!!" I was completely surprised! Then, somebody grabbed me from my waist and blindfolded me. I was guessing it was from Rohan.
