Four mermaids

By Paige

There were four mermaids in the sea. They had a lot of fun. The mermaid's names were Neveah, Anna, and Paige, which is me. Their favorite foods were shrimp, and fish but not really.

The Secret Island... We didn't know what the island was about, so we decided to visit the island. As we were walking on the island, animals started looking at us in a mean way.

Then, we told Anna to get food out the boat so we wouldn't be hungry. As Anna was getting the food, me and the rest of the girls were putting water inside our bottle. After we got food, didn't know what else to do so we just sat in the tent. We talked about what we should do, so Anna decided we should go explore caves.

The girls and me decided that was a good plan, as we was walking we came across an cave that have an light baby blue color, but as we werewastent all day, So we decided to walk around the land for a little bit.

After we came across a cave that was glowing blue light like a bad sky blue color, we walked in cave with fear. Suddenly everyone stopped at the doorway." I said what's wrong everyone. / Anna said I did not know islands never have pools "I don't know but then I said everyone wants to go swim in happy

and joyful voices. Everyone jumped in the pool, and even we working on cannonballs and water felt smooth and pretty nice like we were in a jar of baby lotion. Pretty, soon everyone was getting tired of jumping in and out of the pool

Finally, a full moon came over the pool then started bubbling with hot steam coming from the water, and bubbles.

After the full moon went over everything stopped .We hurried up, got out, and headed to the Tent as fast as we could.

The next day all the girls called me and said, “I have a mermaid tail” I said, “what do you mean? I am half fish half human/oooooo/. Ok, but how did you get a mermaid tail maybe because the pool in that cave. Ok, I get it another call from Nevaeh, if I touch water I will turn into a mermaid right. I guess ok because I have a mermaid tail. Nevaeh, I trust you. Do not tell anyone. Ok, bye call me when you are not doing anything.
