

The Amazing Ms. Anna

By Morgan J.

Anna is an amazing 6 years old first grader with a wide imagination. She loves to dance, and outside with her pet pig Nala. One day Nala went missing and Anna was devastated that she lost her best friend. The next day Anna looked everywhere but she couldn't find her. So, she asked her mom to walk her around the block to hang up missing posters and her mom agreed. Anna and her mom casually walked down the street. The day was sunny and bright but Anna was still upset. Then suddenly it started to rain. Her mom grabbed her hand and sprinted to the nearest tree and took cover under it until the rain stopped. Eventually it did. Once the rain stopped, they saw a lost kitten quietly strolling around the tree and turned around to see a lost kitten poster on the tree. Anna's mom carefully picked the cat up. Anna and her mom followed the address that the cat owner posted. Finally, after a long journey they found the house that belonged to the cat then rang the doorbell and a woman opened the door to her surprise. She saw her cat in front of her and was very happy and the lady thanked them. But Anna asked, "Have you seen my pet pig?" The lady spoke and said. "Is this yours?" Anna and her mom came home happier as ever.
