

Life Wars

By Ukeme I.

Chapter 1(Jacob)

We are trying to survive. The whole army is after us. I don't even think I should helograph this but if I don't, no one will be able to stand up and fight in the future. It's 2024 and there is a world war. Their trying to take over the world. My name's Jacob and my sister's name is Lauren. We have 4 friends that go by the name of Sarah, John, Sam(Samantha) and Jonah. We fight for those who can't fight for themselves.

Right now, we are home or what we call home. All our parents got killed in the invasion so we live in an abandoned zebeea. We call it the Cleopatra because it's ancient. It has an enormous screen and a total of 140 chairs. We were just chatting when we heard some noise outside. It was a mixture of screaming mothers, lasers and crying babies. "We have to take cover and leave" said Jonah. We quickly packed what was important and left. That was the last time we ever saw the Cleopatra.

Chapter 2(Lauren)

(Move out the way! Gosh. I don't know why you're always so cranky.) Sorry for the interruption. My name's Luran, Jacob's OLDER sister(Ow!). Fine. I'm his twin sister. Well anyway, we just left the Cleopatra (Our home or what it used to be) and is foraging around the place. Turns out that the soldiers made all those noises. If you don't know who the soldiers are, they are those who work for "Lord Traitor"(That's what I call him). Oh, no! We just ran into a soldier!

Chapter 3 (Jacob)

We are in deep turmoil here. We just got spotted by a soldier. I don't know what to do. We've never been in this sort of situation before. "Who goes there?" barked the soldier. "Should we just surrender?" asked Sarah? "There are no exits that is convenient for us if we try to sneak away." "No. We should stand our ground." "But he looks like he's 16. Maybe we should just surrender" said Samantha. " Don't let age deceive you" cautioned Lauren. "Come on. He won't hurt us." "Fine". We all rose up. The boy just stared at us with be wilderness but then all of a sudden, a total of 16 soldiers appeared from nowhere. "I knew we shouldn't have surrendered." This is my last helograph. Their taking us to prison and is confiscating all of our things. Whoever finds this , it's up to you to save the world.
