

## **Lucy Being a Princess in a Horrible Dream**

She loves princesses. She wants to be a princess in her dream, but in her dream she will have an atrocious time being a princess. I hope Lucy could somehow fix her problem.

First Lucy went to her room and read her favorite princess book. "I want to be as gorgeous as a princess" said Lucy. "I wish tonight in my dream I will be stunning" she wished. "To me Lucy thinks that she's not pretty." Then Lucy goes to bed.

"OMG" cried Lucy. "I cannot believe this, I am really a princess" Lucy said cheerfully. "Hello" said a nice looking woman. "Hello, who are you?" asked Lucy. "Ah-ah, I am- I am Julie," she said like she didn't know what to say. "I just want to give you this juice that I made. Please take it," said the woman. "Sure, I would love to," said Lucy. "Thank you, Princess," said the woman.

Can you guess who that woman was? "Aaaaaahh!" yelled Lucy. "What is happening to me?" she said looking in the mirror. "My body is changing colors of the rainbows," she cried. Then Lucy's friends came in her dream. They asked, "What did you eat and drink before this started happening to you?" "Well, I drank that juice the lady gave to me," she answered. "Oh, so that's why, that lady must have been a witch and gave you a potion," they said. "But I think that

woman is still in the castle. Let's go get her," said Lucy furiously. Then they ran down the castle and caught that witch. That woman was actually a witch and did not like the beauty of the princesses, so she gave them potions. Now that witch is in the jail and Lucy has been turned the way she was. "Wake up, Lucy," said someone. "What? I totally forgot this was a dream," said Lucy. "Well, wake up. You have to go to school," said Lucy's mom.

Now Lucy feels much better. She loves her friends because they don't care how she looks like they care about her attitude. We should always remember people that love us will always love you no matter how you look.
