

Violets life

One day in the 4th grade we were playing spin the bottle, I had a best friend named Maya and it was my turn. Maya had a crush named Ethan, But the second I spun that bottle I knew what was gonna happen...

Today, I'm 17 and I'm a Junior in high school and my my best friend is Adrianna Maya's cousin which kinda makes things a little awkward.

Maya is dating Ethan and if you're wondering why me and Maya aren't friends anymore she's still mad about that day in 4th grade.

I Turn the corner and I see Ethan walking up to me, he says "can I speak to you alone" so I of course say yes because I have had a huge crush on him. We go outside to the field and he says "me and Maya broke up and I was wondering if you would be my girlfriend". Just then I see Maya walking up to me and all I can think is "This couldn't get any worse".

Maya pulls me aside and asked "WHY ARE YOU TALKING TO ETHAN" And I was really confused because Ethan told me they broke up so all I can do is walk away from the situation because I don't need that drama in my life so I walked up to Adrianna and asked her what just happened and she said Ethan has liked me for months but he was trying to make me jealous with Maya.

I walk up to Maya to confront her and I hear her saying "I have to get her back" so I run and I bump into Ethan and he sees the look on my face and he can just tell something's wrong so I tell him and he walks away and says "I'll be right back" so I follow him...

He tells Maya that he still loves her and no matter who he is with he will always come back to her...
