

## **My Birthday Wish**

### **By Alexa**

Once there was a little girl named Rose. She wanted a dog more than anything in her life, but not any dog. She wanted a German shepherd dog. Her parents refused to adopt a dog, not because they didn't like it, but because they were allergic to dogs. Every birthday she would ask for the same present but every year her parents denied it.

This year she was determined to get her new puppy so she decided to ask her grandparents for a present. She knew they will not say no. She asked her grandma Scarlet for a puppy. Grandma Scarlet always spoiled her and granted all her wishes.

Two months passed and it was September 29<sup>th</sup>. Her birthday was here! She went to her grandma's house. She arrived. All her friends and family were waiting anxiously. She saw a pink and white metal cage and a rainbow-colored bow. She was so excited to see her wish come true that she forgot about her parent's allergies. Her Grandma explained to her that the dog will stay at Grandma's house to avoid her parents getting sick. She will be able to play and take care of her pet when she comes over to visit her Grandma's house.

Rose was so happy to finally see her puppy. She named her Shadow and she played with her every time she could!
