## The Kid that Got Bullied

### Chapter 1

One day there was a kid named Seby. Seby loved to draw and play with comic books and small pet toys. On day it was time to pick out the tickets. His heart was racing so hard. When he heard his name, he jumped so high. Kids were looking at him. He came home telling his dad in the car. He could not stop talking about it. When he got home he had to talk to his parents. They told him that it was time they moved. He broke into tears. His mom and dad hugged him. He asked, "Where are we moving?" The parents said, "We are moving to Nevada". He asked when. His parents said, "Tomorrow". He was not ready for what was going to happen.

### Chapter 2

His parents told him to pack his stuff. He did not want to move. All his friends were here where he lived. The only thing he did not like was that grumpy old lady down the street. Her name was Ms. Jonson. She had the biggest house in the neighborhood. When Seby was packing he found his old tiny blanket. He had this blanket for five years and he was only 9 years old. He begged the man at the carnival when he was four. They waited one hour just to give up that little blanket. He shoved that in the box. His sister is Lilly. Lilly loves flowers. Seby went straight to her room. She had the big room in the house.

### Chapter 3

He told his sister Lilly "When we move I'm going to have the big room". Lilly said, "First you have to trade me something". Seby said, "Comics, books, Pokemon". She asked, "I want your bracelet collection." He did not want to say it but yes. It was the first time he gave up his bracelets. But he knows it's worth it. It was just in time for dinner. His mom called. Lilly got to set the table and he got to serve the food. His mom said "Since it is the last day we have to have premade chicken". Lilly looked and said "Scrumptious looks yummy" with a frown.

### Chapter 4

Lilly said as always "I'm full". She always says that. The only reason for that is for how she does good in school. When I have to wait till bed. Mom tucked me in bed and said "good night". The next morning, they moved all their stuff whether it was packed or not. The man got all the stuff in a jiffy. Mom and dad rushed in the car and we went to the new house. The house was as big as a football field. His mom said, "Can't wait too long". So they went to my brand new school. It looked a little old. It was not that bad. The name was Copperfield Middle School.

### Chapter 5

It was going to be the first day of middle school. He knew he was going to face bullies. The school he was at yesterday was summer school. He has summer school until the first day of school. So, he does not really have a summer to enjoy. His teacher was Mrs. Keniddy. Mrs. Keniddy was the best. When he walked in she was super nice. One of the bullies was Gaven. He could notice because of the look in his eye. Mrs. Keniddy said to find an open spot and the only open spot was by the bully. The bully pushed him around all day. Until lunch, Gaven spilt milk on him on accident.

## Chapter 6

Seby said, "Sorry, sorry, sorry". The bully did not like it. The bully held his fist out and punched him. The next thing that Seby saw was the nurse in her room and him laying on the bed. He jumped and yelled out "I want my mommy". All the kids could hear that from their classes. When he left the nurse's room, everyone was waiting for him so they could laugh at him. Seby felt like he did not belong there. The worst part was it was the first day of school and he did not find a friend yet. When he went home, he wanted to tell his parents but he did not want them to tell the principal.

## Chapter 7

He was scared that the bully Gaven would bully even more. He hopes the next day will be better besides the lunch detention for spilling milk on Gaven. He also has to sit by him because he has lunch detention too for punching him. He sat there and wondered.

## Chapter 8

He told his parents what has been going on. His parents told the principal. The next morning, he went to school. They did not even look at him. He felt brave for the first time. When he came home that day he felt like just stopped something. The only problem was that he could not find his room in the big house. But on the bright side he never got bullied ever again.
