

Shattered

I had seen the yellow Mustang ever since I was five at the park, behind my house, in front of my house, at school, the gas station, and the store everywhere I was the yellow Mustang was there! I've only seen the man that drives the yellow Mustang once and let me tell you that guy didn't look the least bit scary at all (and when there's a guy whose followed you your whole life, and I don't mean the kind of follow like on instagram, he should look creepy) this guy had the cutest clean cut ever! Well I guess that there was something creepy about him he had one eye that was just as blue as the Atlantic Ocean and one eye as dark black as night, eckkk!

Omg! Today I saw the guy that drives the yellow Mustang at my school on the way to the bathroom, well I was the one going to the bathroom not him ok that was kind of a T.M.I (to . much. Information) situation but still I saw him at my school! And get

this he had a kid with him and the kid was a boy, with blonde spiky hair, blue crystal eyes, and he was wearing a blue Hollister jacket, tan cargo shorts, and bright orange, blue, red, and green Nike shoes, talk about cute! So I walk back to class and have another boring day, another loud bus ride until finally I get off as I walk to my house. I see a gray van that isn't going very fast and it got right beside me and I could see what it said it was a Sudden Link van and that made me feel a little better until the door rolled open and I saw three guys one driving one freaking out and one had a rag, a bag, and a rope I tried to run but the van caught up very quickly! No matter what I did I couldn't lose them then the guy with the stuff jumped out of the van and landed right on top of me, he shoved the rag in my face and I ... I ... and I..I blacked out.

Black I couldn't see anything but black it even smelt black if that's possible... no it smelt like medicine rotten gym sock medicine! Then I heard the three guys fighting one guy sounded tough, one sounded scared, and one sounded stupid. Tough Guy "just go in there pick her up and take her to the boss!" Stupid Guy "well what if she doesn't want to go?" Tough Guy "I'm at least 99% sure she's not going to want to go!" Scared Guy "or we could just let her go so we don't get in any trouble." Tough Guy "JUST GO GET HER!" Stupid and Scared Guy "ok gosh!" I felt around for something to defend myself or a way to get out...YES I found a window pushhhh pushhhh , it didn't even budge! So I just acted like I was asleep, this is my only hope. Before long Stupid and Scared were carrying me outside, ok it's now or never 1...2...3 BAM! I punched stupid and scared in the stomach and ran I ran so fast I didn't even realize that my fly was down the whole

time! I found a hole in the woods witch I somehow ran into and I jumped into the hole and covered myself with leaves and waited, and waited and eventually I fell asleep. I was awoken my footsteps close by it was Stupid, Scared, and Tough! I'm dead meat I thought, I think their gone so I got up and they were right there! "Hello boys." Hello I will give you three seconds try and run 3...2...1" I was out of there on 1 but I could hear them coming so I looked everywhere, BINGO! I saw a little shed and I bolted to it. Thankfully the shed wasn't locked and as soon as I stepped in someone shut the door behind me and locked it and then i I saw the boy from school that was with mustang driver and everything just happened so fast then I felt hands tie me up then throw me on the ground and I blacked out again!

The next time I woke up I was at the top of a mountain surrounded by wolves!

What happens next you sure would like to know wouldn't you well to bad cause this book is officially over.
