SLENDERMAN

Chapter 1- One dark and rainy afternoon, I was up looking for important people, but when I was doing my research I saw on my computer about someone named Slenderman.

It said Slenderman was a guy who did not have a face. His daughter and wife had died in a dark cave inside deep in the woods.

When I was done reading about Slenderman, I went back to my homework of important people, so I picked a president and that president was George Washington.

When I was done with everything, I went to sleep on my soft bed, but before I did, I said, "What a Thursday." When I closed my eyes and slept, I thought about how tomorrow would be.

Chapter 2-When I woke up I said "OOHH yes Friday, we have a big test today. I am so excited." I ran downstairs like a cheetah, I ate my breakfast, and rode my bike to school.

When I arrived home I went to sleep. I had the weirdest dream. I saw Slenderman and he told me "Come Johnny, come deep in the woods." I couldn't control myself but I stopped at a dark cave. When I was inside I saw Slenderman, and he said, "I have an offer for you Johnny, I want to recruit you as my helper." He had his hand in front of me to shake and I shook it.

I saw darkness coming around me. My eyes had turned black and I started to call him my master. I woke up and said I had made a mistake.

Chapter 3-Saturday no school. Suddenly I started to get visions about Slenderman. I told my mom about it, but she didn't believe me, not even my dad. I told my friends and they believed me. They told me if I read anything about Slenderman. "Yes the story is very juicy," I said. "That's why" all my friends said at the same time. Daniela said "But it only happens to special people." So when I went back home to go to sleep, I had got a dream of Slenderman again. He told me "Come Johnny. I need you to go get your friends, and bring them to me to have a bigger empire."

"Yes Master," I responded.

Chapter 4- I went to get my friends as Slenderman had told me. We all met in the woods. I told them "Follow me, I need you for something important. Master I am ready, Master?" Daniela said. In a surprising voice. Darkness pushed us to the cave. Master are these the friends you told me to bring. "Yes," he had told me "get comfortable" he said. I had sat on the chair. ALL my friends shook his hand I saw the darkness around them and their eyes turning black exactly like mine.

"Thank you, an empire we can make the biggest one and I will be their leader." After that we all appeared in our rooms.

Chapter5-On Friday morning the school called and said
“Johnny, there is no school today. There has been a terrible
thing today so you have a day off. Have fun.

In the end of that call Johnny and his friends were taken to the
can and they knew who had called them. Slenderman had
arrived with darkness, and said, “I heard about your day off from
school.” When he was about to finish his sentence me and my
friends eyes turned black. We couldn’t control it. It was too
powerful. When we were out of the cave we didn’t be on our
beds instead we were all in woods so my friends and I walked
home.

THE END OF ME

As I looked I knew I did something wrong and that it would be
the end for me. I will be controlled.
