“Give me the remote!”

“I would ,but i'm good.

“ Give me it, before i beat you to a pulp,nerd.”

“No!”

Pow!! Have you ever heard that sound before,no,then thats the sound of a fist hitting a your face. More specifically an older sibling beating you up. This book is about surviving and being the last born. If you live!!! No, that was a joke you'll probably live.

#1 Ok, lets look at the bright side of being the last born. Lets say you need help with your homework. Who helps you, your sibling. Need money ask your sibling, unless there broke. Which is probably gonna be most of the time.

#2; Don't get into fights!!!! We've all been there, well at least the last borns. Getting into fights about what channel to watch. You start arguing next thing you know you're getting beat up. If you dont want to got hurt then just got sleep or you could get made fun of , or you could get beat up, its optional.

#3 Getting made fun of.

I've been there, getting made fun of isn't funny. Unless you're making fun of them. Just ignore them!!!! If they call you names just overlook it!!!!

I hope you enjoyed my tips on how to survive being last born. Just don't get predominated.
