

Talking Angela or Crystal

Today I have a benchmark that's over math. After we finished our **3-hour** benchmark, the teachers said we could go outside. I went to my backpack to get my writing journal then went outside. When I got outside I went where my friend were. Once got there they were talking about this stupid game called Talking Angela that I hated **A LOT**. They were talking about it so much that I felt like my head was going to explode. So I told them "COULD YOU GUYS STOP TALKING ABOUT THAT GAME"! "Why" Abby said sarcastically. "Well I really really HATE THAT GAME"! I said. "Fine will stop talking about it" said Abby. Then the whistle blew to go inside. "Great.... just great.

The next day was a normal day no benchmark no nothing. Since we didn't have anything to do it was kind of boring. We only had 1 minute left till we left for recess and I had my journal with me so I asked to get a drink of

water so I could go out there first and I did. When I got outside I we went where me and my friends meet up and waited. When they were coming to me I saw them talking to a new kid. "Hey guys who's this". "Oh hi Dena meet Crystal" Sarah said. When I saw her I felt like she was a mean and bad girl. I didn't say anything I just rolled with it. Once they stop trying to get to know Crystal they started taking about the game again. When they started talking about I saw Crystal was started to walk slowly away. "Where you going Crystal" I said. "Ya I thought you were having" Biny said. "Oh ya well I just needed to go....." she stuttered. Then the whistle blew to go inside. "I just needed to go inside" she said. Before we went inside biny said "I almost forgot I'm having a sleep over today at 6:00" "ok we'll come" said everyone but Crystal. "You'll come to right Crystal" Biny said. "Sure". It really didn't sound like she was sure.

After that day recess was normal as usual. Crystal was talking a lot and everyone was talking to Crystal. After they started talking about Talking Angela. Then she got quiet and started to walk away this time no one said anything. School was over and I had to get ready for Biny's sleepover at 6:00 o'clock.

Everyone came with everything they needed even Crystal came, but it seemed that she had a little something extra in that bag she really didn't need. We all picked a spot in Biny's living room but Crystal didn't. "I'm sorry guys I just don't feel comfortable sleeping in a living room" she said. I could see everyone's faces didn't understand. "If you want to" Biny said. "Thanks" Crystal said. "Somethings up with Crystal" Abby said. "You guy just saw this, it's been happening" I said. "Why didn't you mention this" Abby said. "I just wanted you guys to have a new friend, because when you first met her you really liked her" I said. "Ok but if any of us sees anything suspicious we tell each other" Abby said. Just when we finished our secret talk Crystal came out. "So...what are we doing" Crystal said. "Well I was thinking we could watch a movie" Biny said. "What kind of movie" Sarah said. **"MURDER" I said!** "I love murder movies don't you" Crystal said. "Ya" everyone said weirdly. Once we finished the movie we ate a snack. When we were eating I noticed crystal was going in Biny's room I followed her. "It is time to see what this girl is up to" I whispered. Before I could go inside she closed the door. Then I heard footsteps coming closer so I rushed back to the table and

told them. "She's hiding something" I told them. "But what" Biny said. "No one knows for sure but were going to figure it out tonight" Sarah said. After we got done eating we all went to bed but not all the way. Except for me I was fully awake but then I got tired and went to sleep. At 10:30 something woke me up from Biny's room. So I woke everyone up and we crawled quietly to Biny's room and saw Crystal in a dark outfit and in a mask. Then everyone started to freak out silently. While everyone was freaking out I saw Crystal using a tablet and playing talking Angela. Only she was Angela and the eyes were cameras and there was one in her Biny's mom's room where she keeps her jewels were. I told them what I saw. "We need to make a plan" said Sarah. When we were making the plan I saw crystal come out. "Guys she's out" they didn't hear me so I jumped on her. Then they saw me and jumped on her too. "We got her" we said. Then we called 911. When Crystal heard the police coming she struggled a lot that she started to sweat. Then the police came knocked the door down and took Crystal outside. They took off Crystal's mask and started to be happy and congratulating us. "Why are you doing this" Abby said. "Because we've been trying to catch this criminal for years" he said. "Why" we said. "Well she's been going to

multiple school making friends and robe them” he said. While the police officer was hand cuffing Crystal I went inside and gave them her tablet. When they saw where the cameras were they put her straight in jail. The next day we went to school everyone was cheering for us like what we did was on the news. Before class started we all got a medal from the chief for being the braves to handle crystal. The only one thing I wonder... was Crystal her real name?
