Chapter 1: The new world

'Woof' when I opened my eyes I saw every thing. I saw my brothers and sisters. I started to know something. I was getting lost and every time we traveled I was not ready. I was left behind. My brothers and sisters did not even care. I started to grow up and I thought I would never get lost but I did. I was walking with my group until I stumble over a big rock. I got up like every husky would and saw trees, just trees. I did not see my sisters or brothers only trees and a few bugs but that's it. I made my way back to the old den and it was empty. I had a blank look and was thinking were am I. I cried and thought if my group will hear me but nothing happened only the insects made noises. I walked alone and when a heard something I ran to it but it was not my group, it was cars. I saw strange creatures walking, I got scared. I ran behind a tree then looked out, I and saw nothing so I walked. I smelled something so good I followed the smell. I bumped into this see through thing and saw the two legged creatures, I got scared.

Chapter 2: FOOD!

The two legged creatures were eating some sort of food inside this see through thing. I tried to get in but I couldn't get in. Then I saw the two legged creature come out. I gasped and ran between a small crack that I could barely fit in. 'Floop' a piece of meat fell. I stared at it for like a minute or two then sniffed it and took a small bite, in my head the meat was saying 'eat me hole im delicious' so I did. I was so hungry I ate the hole thing in a gulp. I came out of the small hole and waited for a two legged creature to come out and drop food instead that did not happen. A two legged came out. I was very still and did not want the creature to notice me but it did the creature said 'aw how cute. A husky' and fed me a big piece of meat. I was happy but at the same time scared . I took the meat to the small hole and ate it by the time I was finished I was so tired I fell asleep. I woke up to dawn and was very cold and better find shelter. I found a rock that was my size that I could fit in and snuggle and keep warm.

Chapter 3 : The trap

'Zoom' I woke up to the sound of a car passing. I got out of my rock hole and heard some two legged creatures say some things about a dog in the streets. The color was white and black with blue eyes. For a while am like 'who is that' and then notice it was me. I got shocked to know that. I peeked to see what else they were talking but they were gone. I was happy they left .I carefully peeked left and right to see if any two legged creature was near but were all gone. He's their I found him' they said. I looked behind me and trapped me in this big net. I barked, growled, howled ,and cried to see if any one would hear me but none of them did. They shot me whit this thing that made me sleepy and then I fell asleep. I woke up in this moving thing that was very bumpy and saw the two legged talking about something could not under stand so I barked to get their attention and it worked! One of them was whit me and shot me again. I feel sleepy and very quickly I fell asleep.
