October - November

## The Dance

It was a dark and spooky night at Valley Hi Elementary. It was the day before Halloween and we had the Halloween dance at the end of school. Everyone was getting ready learning songs and fixing their costumes for the dance. The dance would be filled with great treats, with costumes and with fright! The dance was at a perfect time when the clock struck midnight the dance would begin. everyone was rushing to get tickets to the dance. Viviana was asking Isabella what time the dance was but they forgot what time the dance was so they had to go to the next friend.

### The Tet Together

So the girls went to there friends Delilah and melanie to see if they knew what time the dance was they had said the dance was at 12 o'clock when they heard. Then Roland and orlando came along and asked are you guys going to still go to the dance. The girls said that they were but they did not have anything to wear to the dance but then the boys well we can go to the store for lunch they said Melanie said well let's get back to

work . They still had a lot of work to do Melanie and Delilah did the props, Isabella and Viviana did the the decoration. Roland and Orlando did the food, chairs , and tables.The dance was only 4 hours away and they still had to go to the store and get the dance all put together.

### Getting Ready

The group took their lunch break and went to go get some pizza at Pizza Hut. When they finished their pizza they went to the Halloween store to go find some Halloween costumes for the dance. So when they went inside the store they were amazed at what they saw! They saw so many wonderful costumes and they said that it was going to be the best costume ever that they would see. The girls went to one section of the store and the boys went to the other side of the store. Viviana wanted to be a unicorn Isabella wanted to be a death angel but Melanie wanted to be a cute dinosaur and Delilah wanted to be the ice princess. But Orlando wanted to be skeleton and Roland wanted to be a death skeleton. Man it took the group to find the perfect costume to be when they were finished it was already 3:30 in the afternoon! They were so late and the dance was only in about 3:00. They had a bunch of stuff to do the girls go most of the stuff done but the boys still need a lot more to do. All the girls had to do was hand out the fliers but they were in a BIG rush Melanie and Delilah went to the west side of the school and

Isabella and Viviana went to the east side of the school. About 30 minutes later the boys still had to finish putting up the tables and put up the decorations. What they did was that Roland, Viviana, Isabella did the decorations. Then Orlando, Melanie, Delilah put up the tables. While they were doing that they were going back and forth from table to tape to person to person. IT took them forever to finish the decorations, tables, and chairs. By the time they had finished that it was 4 o'clock they got so stressed out that now they only have 1 hour to get ready for the dance !

### The Rush

So the girls had spent the night at Isabella and the boys spent the night at Roland's house! Since the boys had lived about two or three houses down on the street the boys came over to Isabella's. So they had got into rooms and got their costumes and did their makeup! Then they had got downstairs and talk about the dance and they had hoped that everyone liked what they did with the cafeteria! All of the sudden Orlando and Melanie both remembered that they had to be at the dance 30 minutes before the dance. They jumped in the car and went to the school as fast as they could.

## The Horror

They were so lucky that the school was only 3 minutes away because they would have gotten there late. They had to take a break from all the running they did to get to the school. When they went into the cafeteria they had looked around to make sure that none of the decorations fell off. All of the sudden the boys turned off the lights and it looked so pretty they had got the best compliment from everyone who walked through that door. The dance was about to start and it was time for the friends big announcements. They were so excited to have everyone at the dance but that was not it they still had the best part of all! all of the lights went out but the stage light had stayed on and this shadow popped out and everyone screamed even them. There was this voice that everyone had heard when they ordered the sound machine they had thought that it was a little bit scary or was it!! It was so scary that even the girls started getting closer to the boys in case something would had happened. The light, voices, and now movements ! There was wind, gust, mist, and voices. About 3 minutes later the mist, gust and wind was starting to stop and the lights started to turn back on and all that stuff was is tapes people machines who were doing that stuff and everyone was starting to leave and the kids Roland, Orlando said that they had a great time and Isabella, Viviana, Delilah and Melanie said the something to but really spooky and the friends went home and thought of tomorrow.
